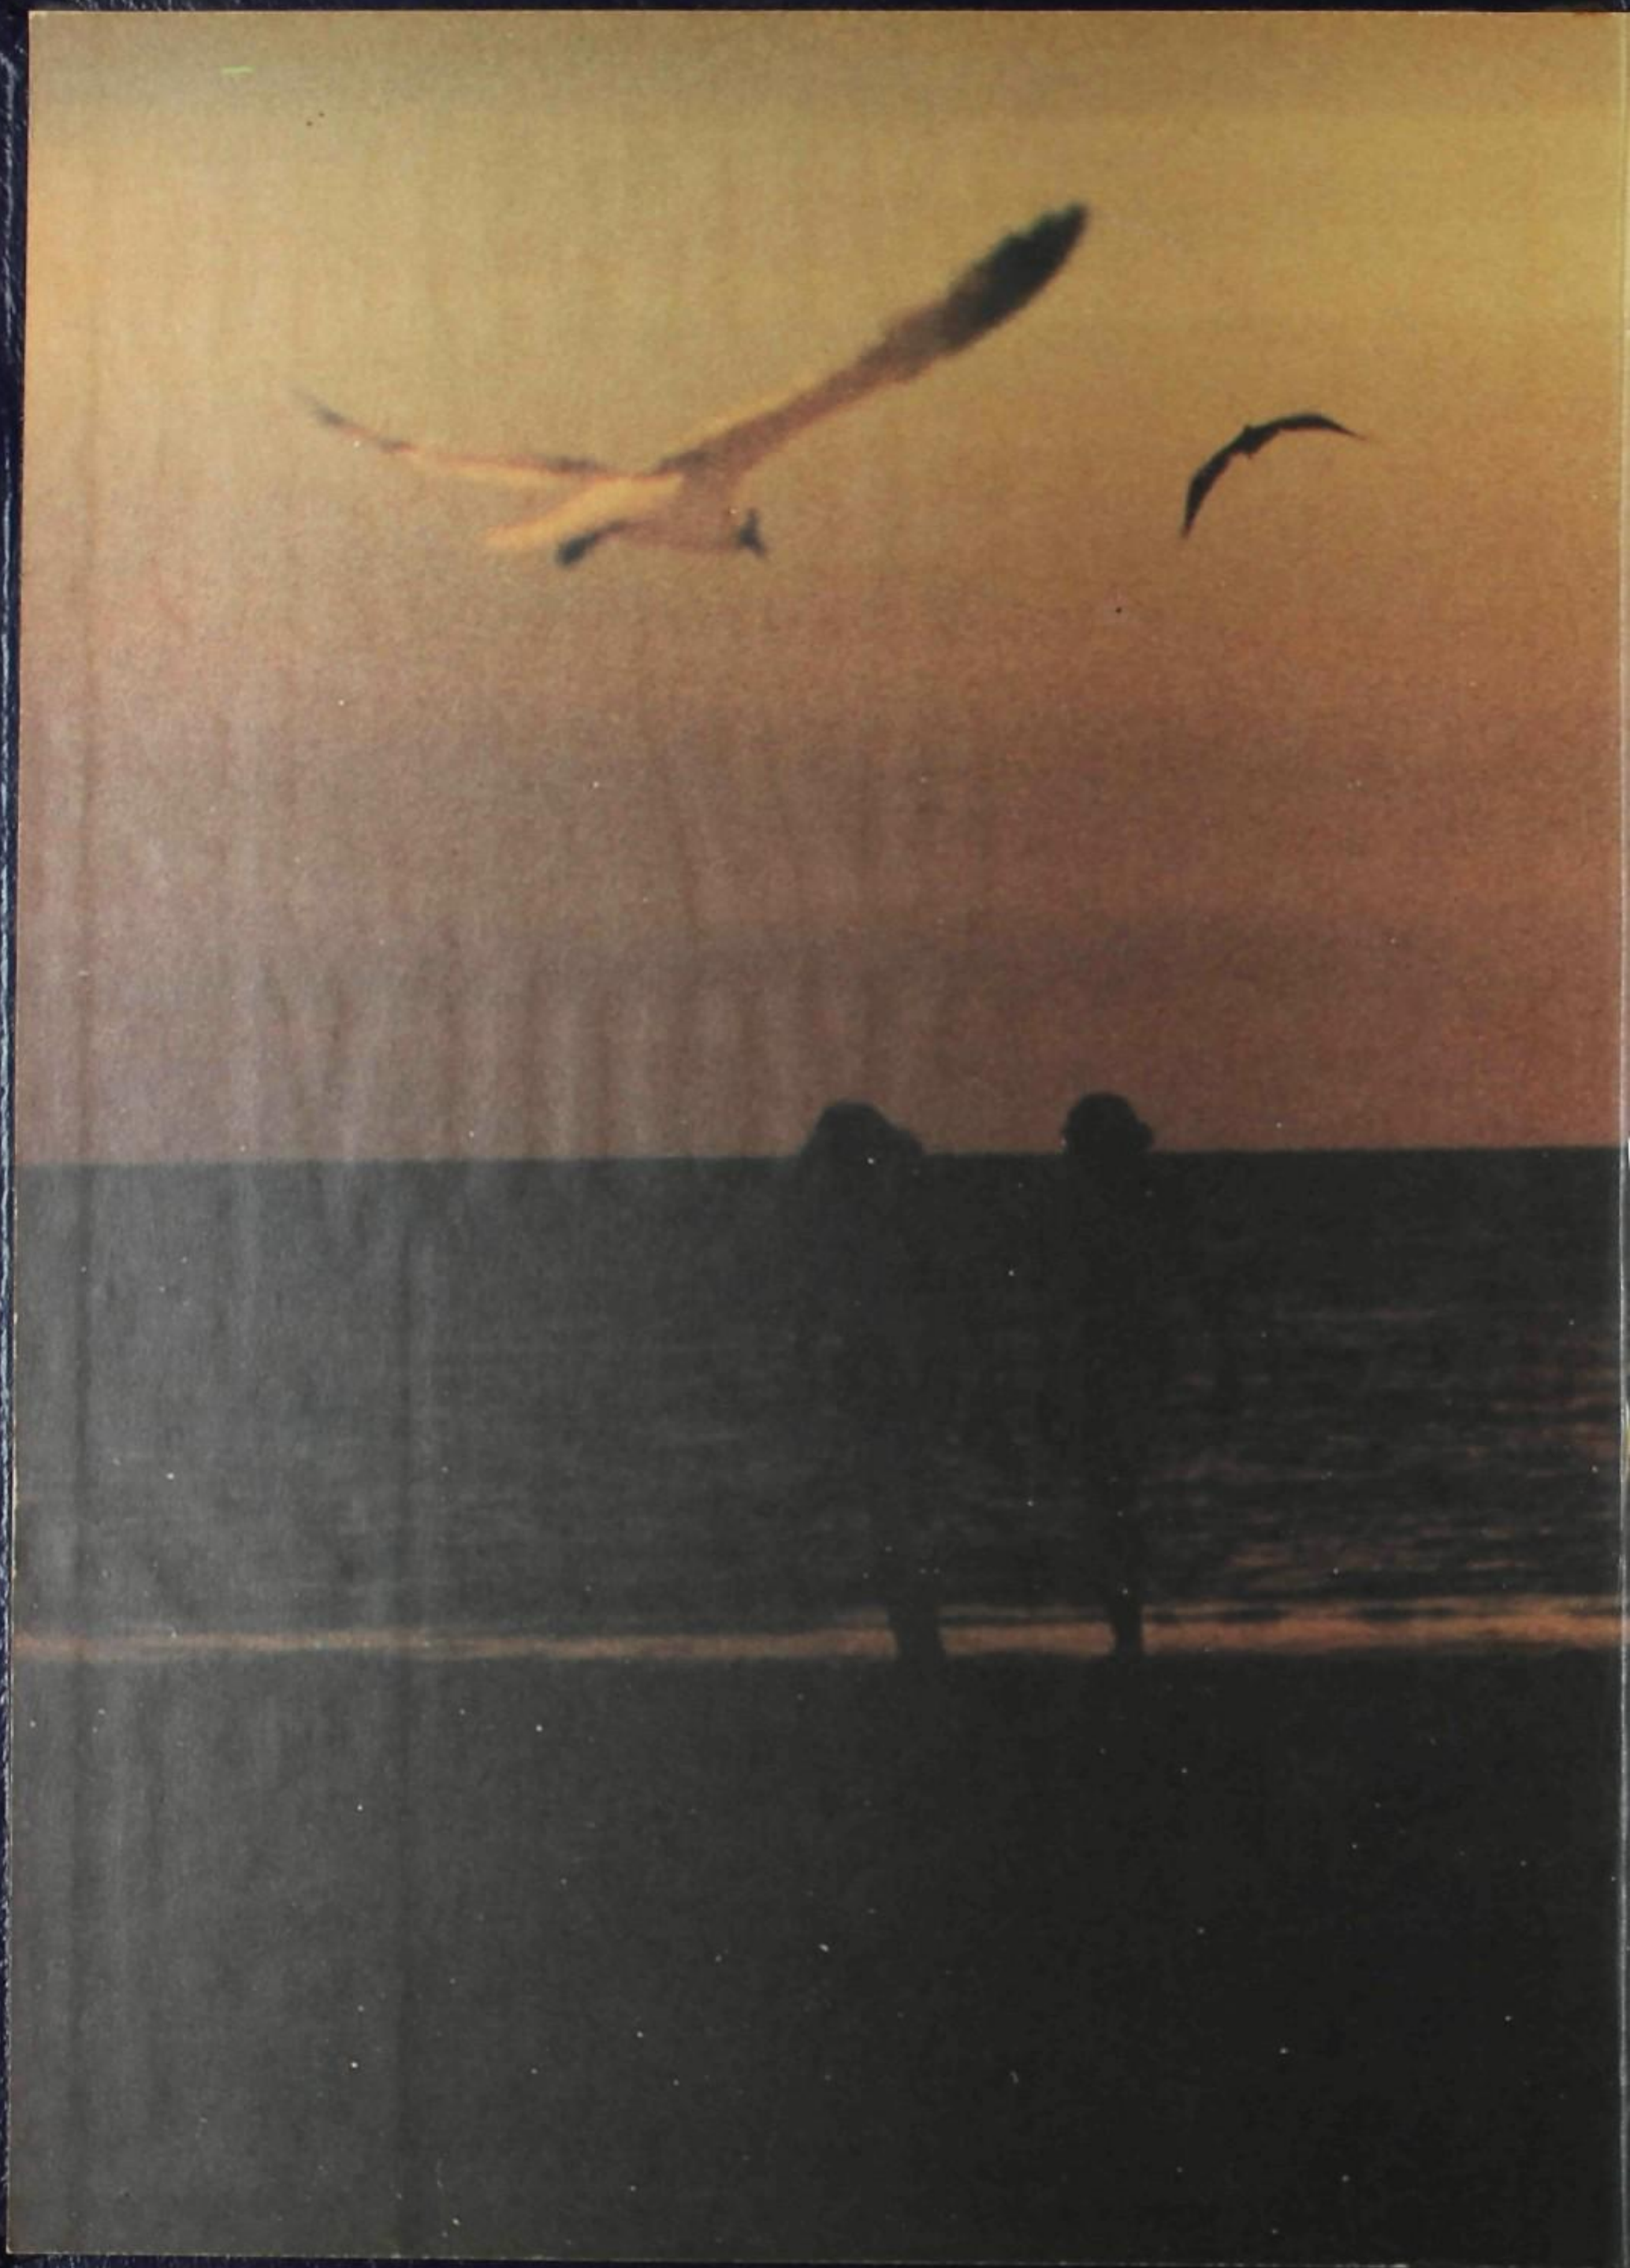
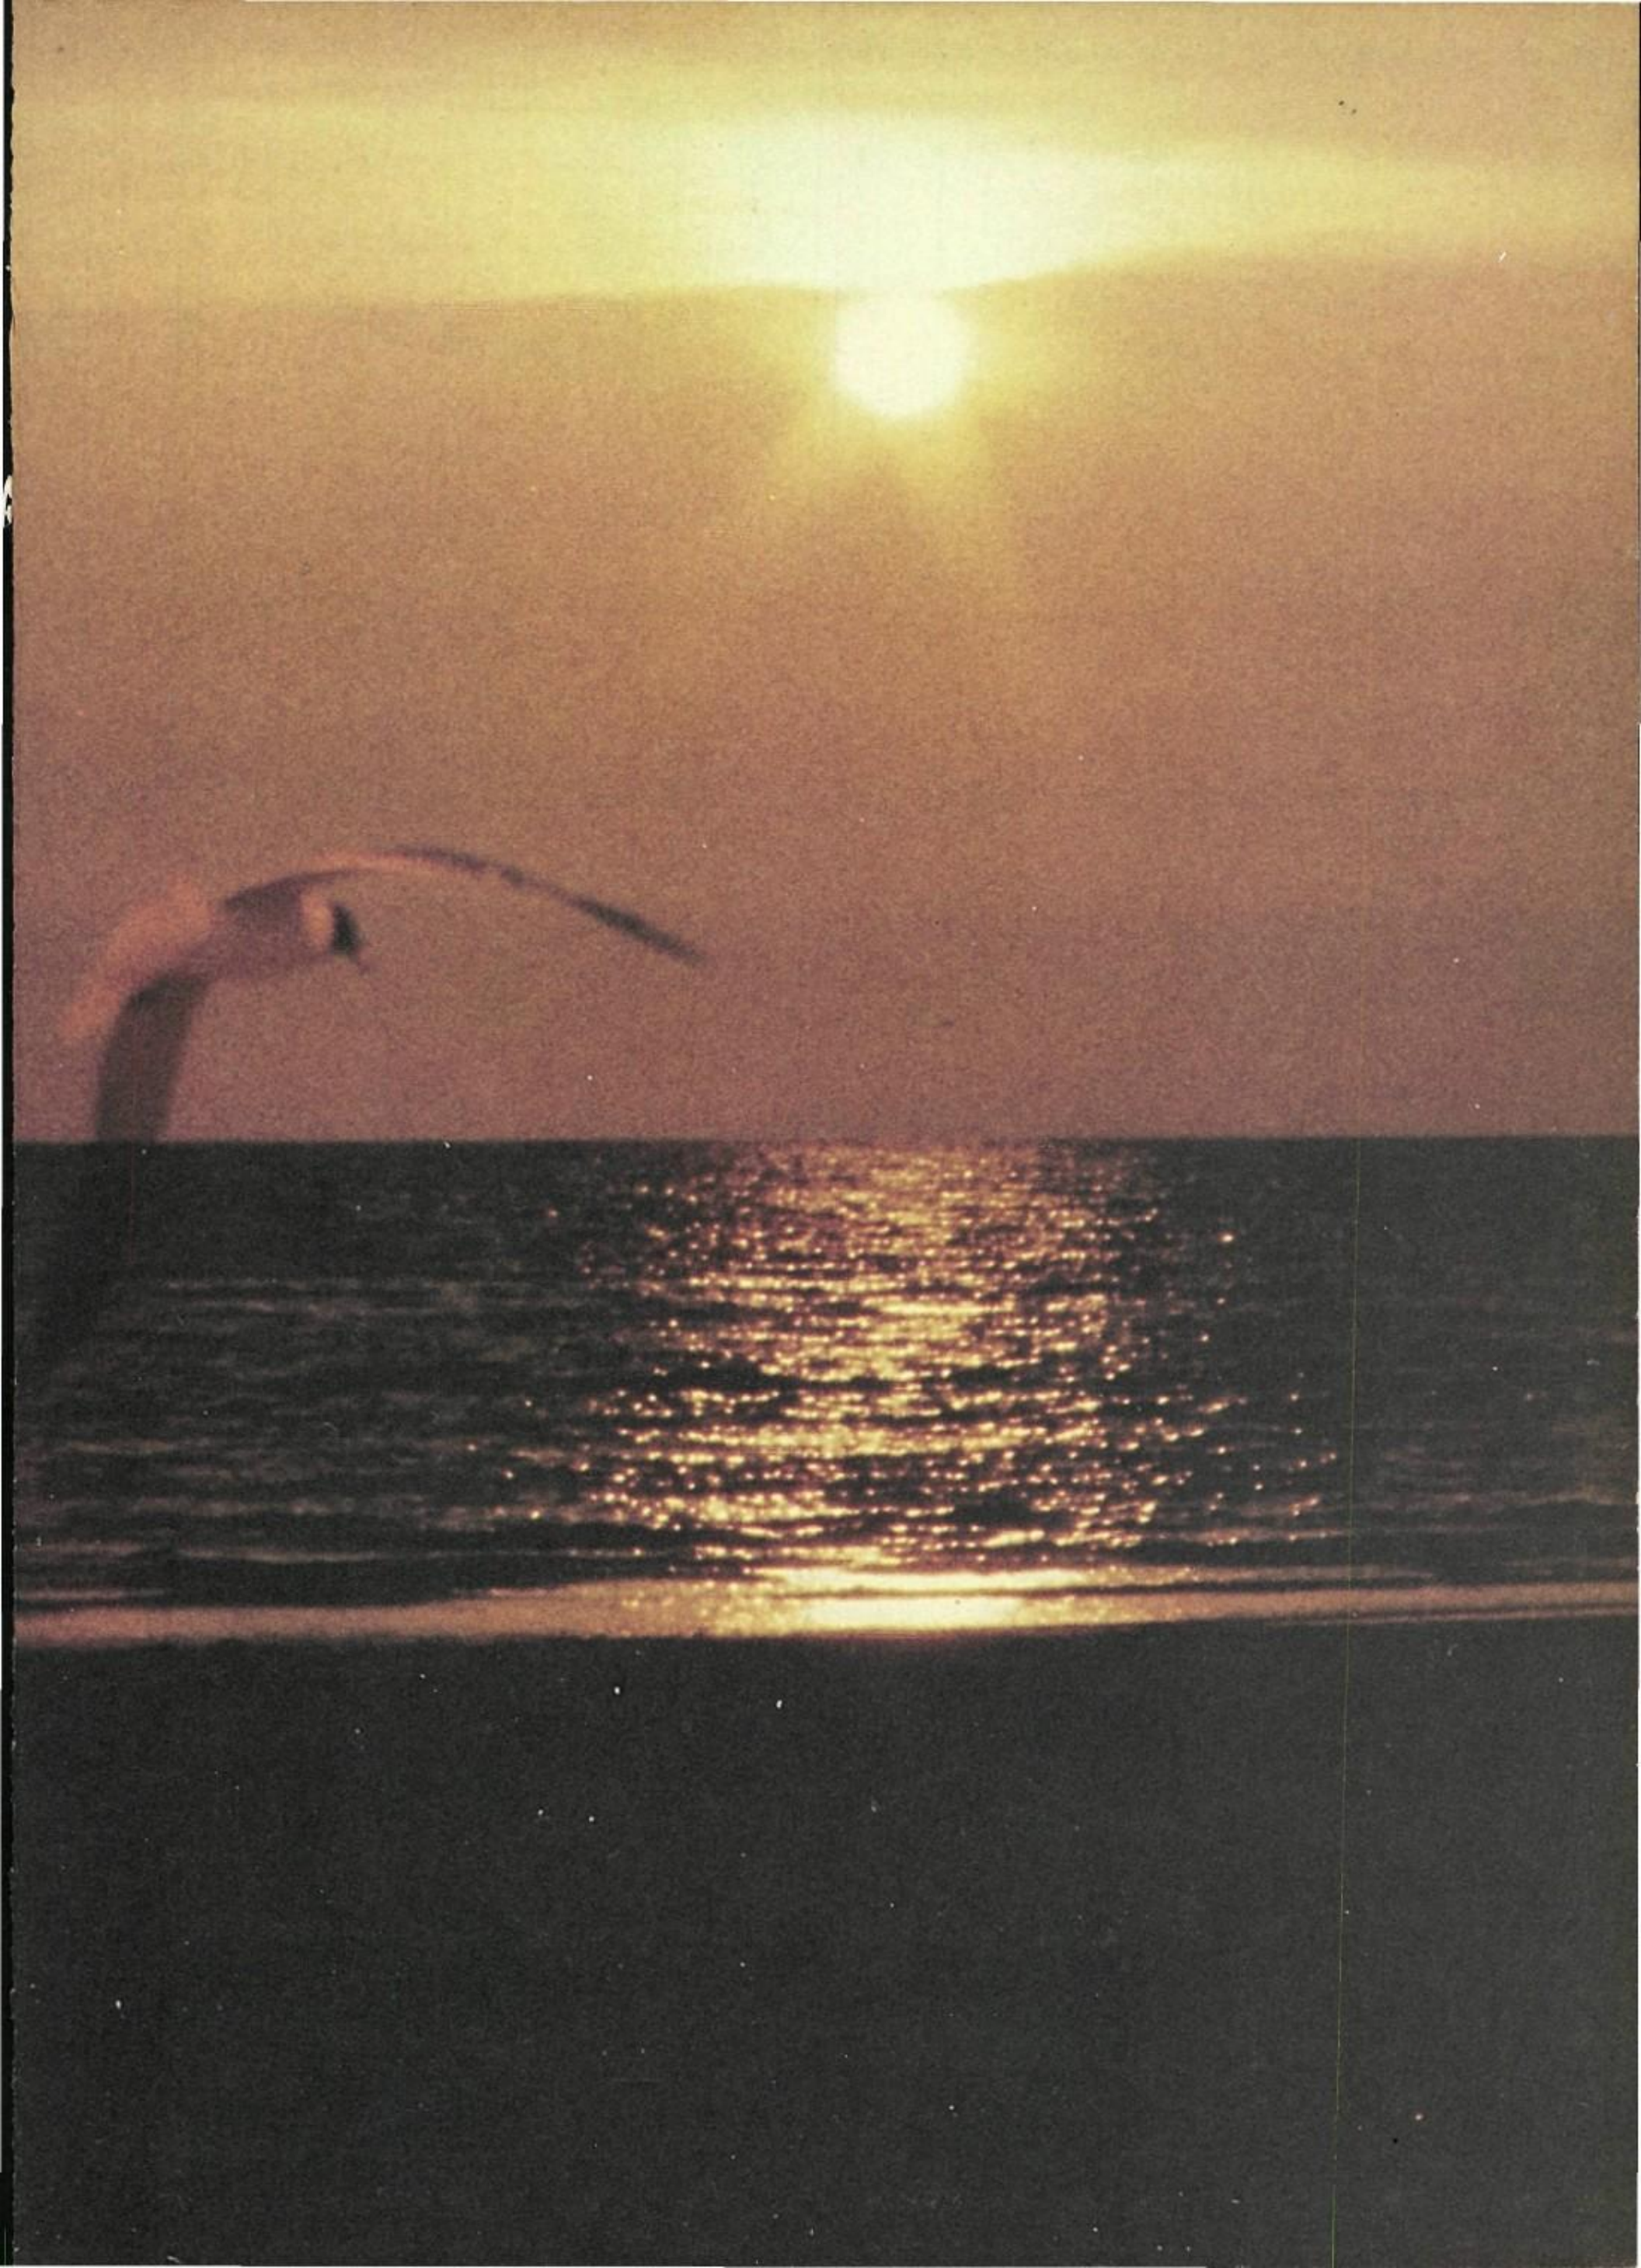
VOYAGER

ANGELIA RENITA DASHIELL





As freebirds we soar wide and far.
"This is where we've been," we say,
but where are we going?"
"How will we get there?"
"What will we find?"

Those we've encountered here have guided;
They've pointed out the way,
But it must be we who decide,
and right or wrong —
It will be we who may falter along the way.
But then again —

We will be the only ones to find the glory and freedom that await.

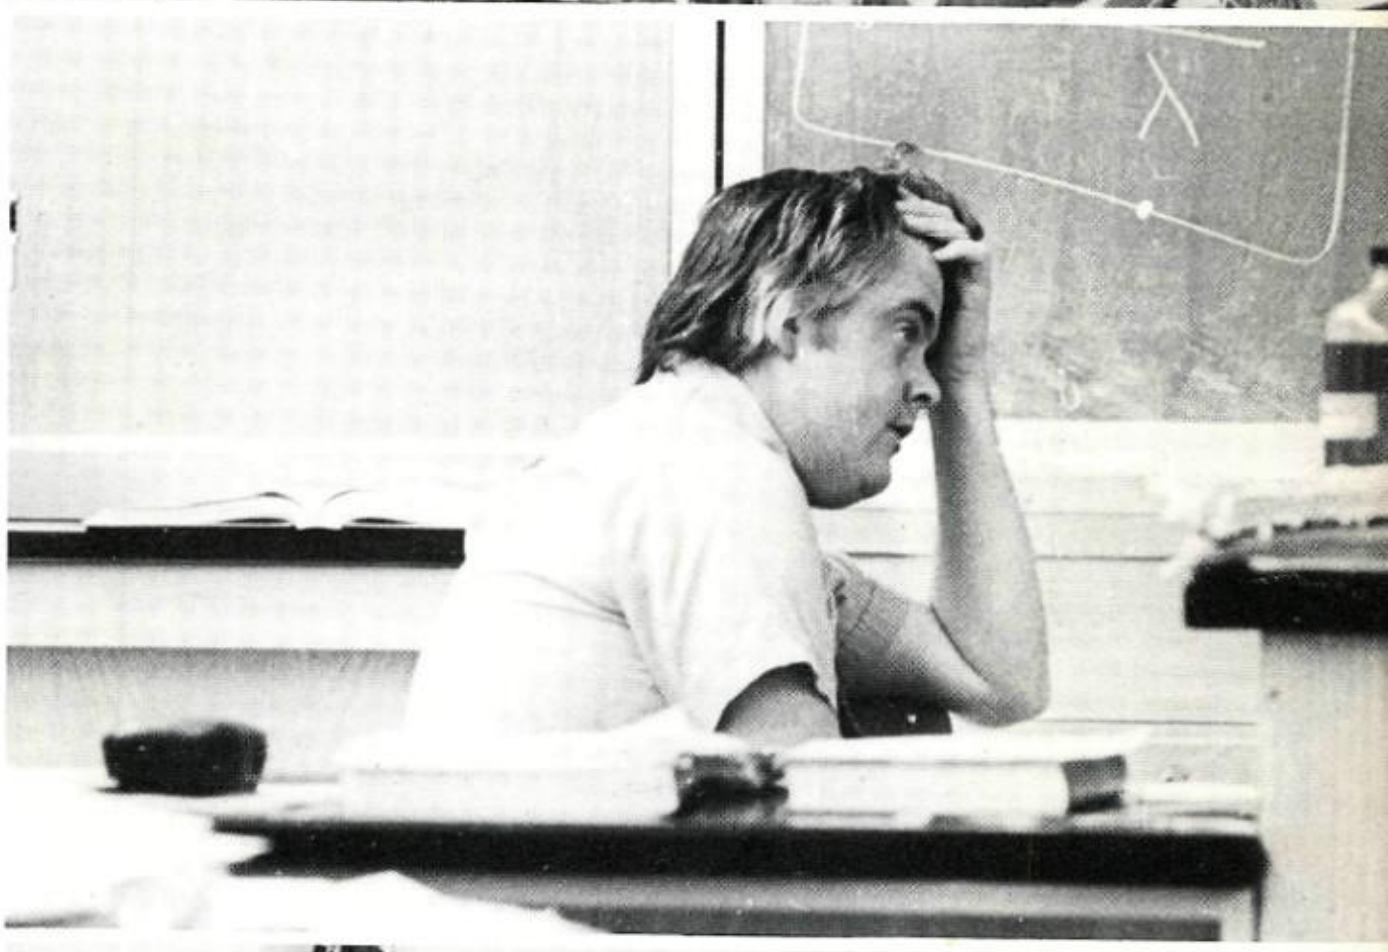
Mr. Richard W. Bounds for his beautiful picture seen on our end pages.



This is where we've been, . . .

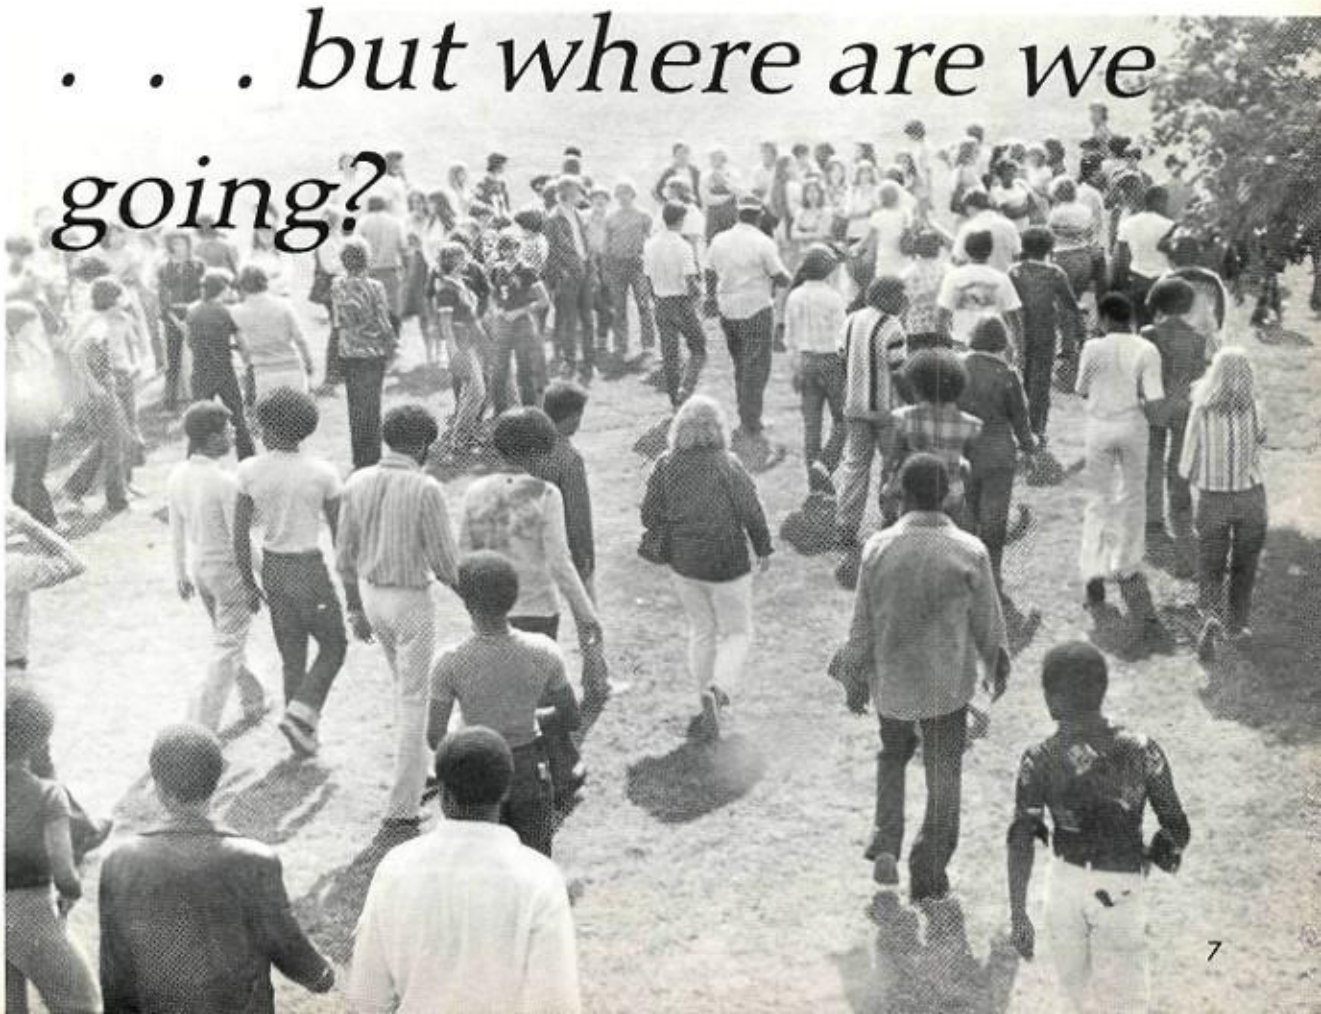
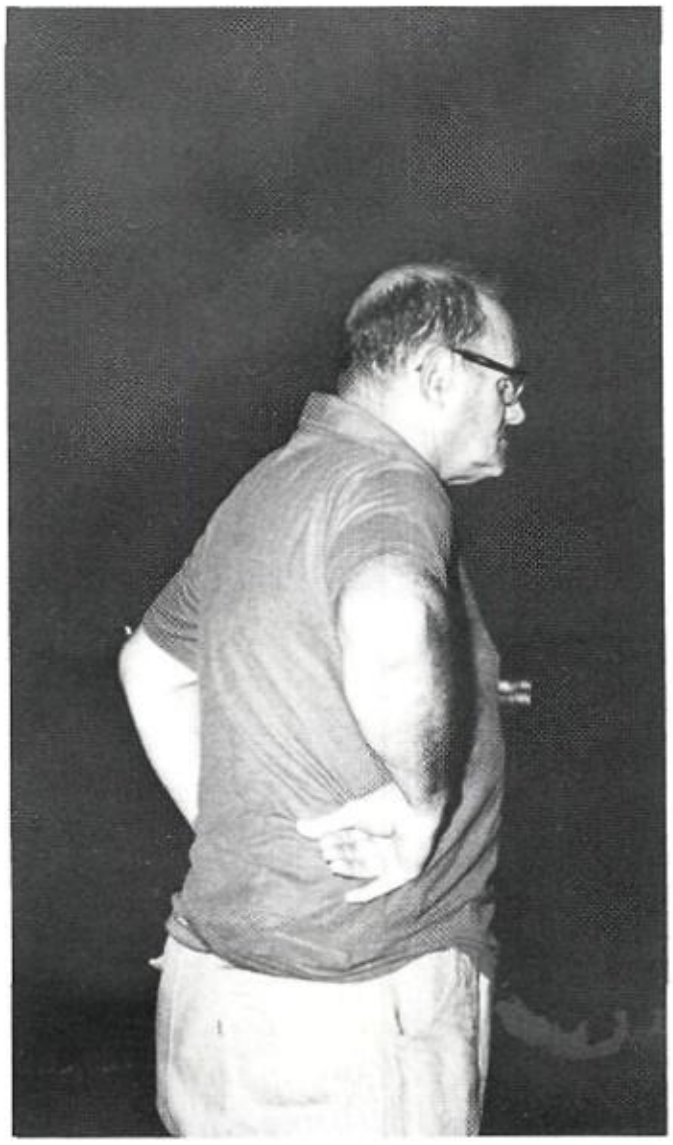
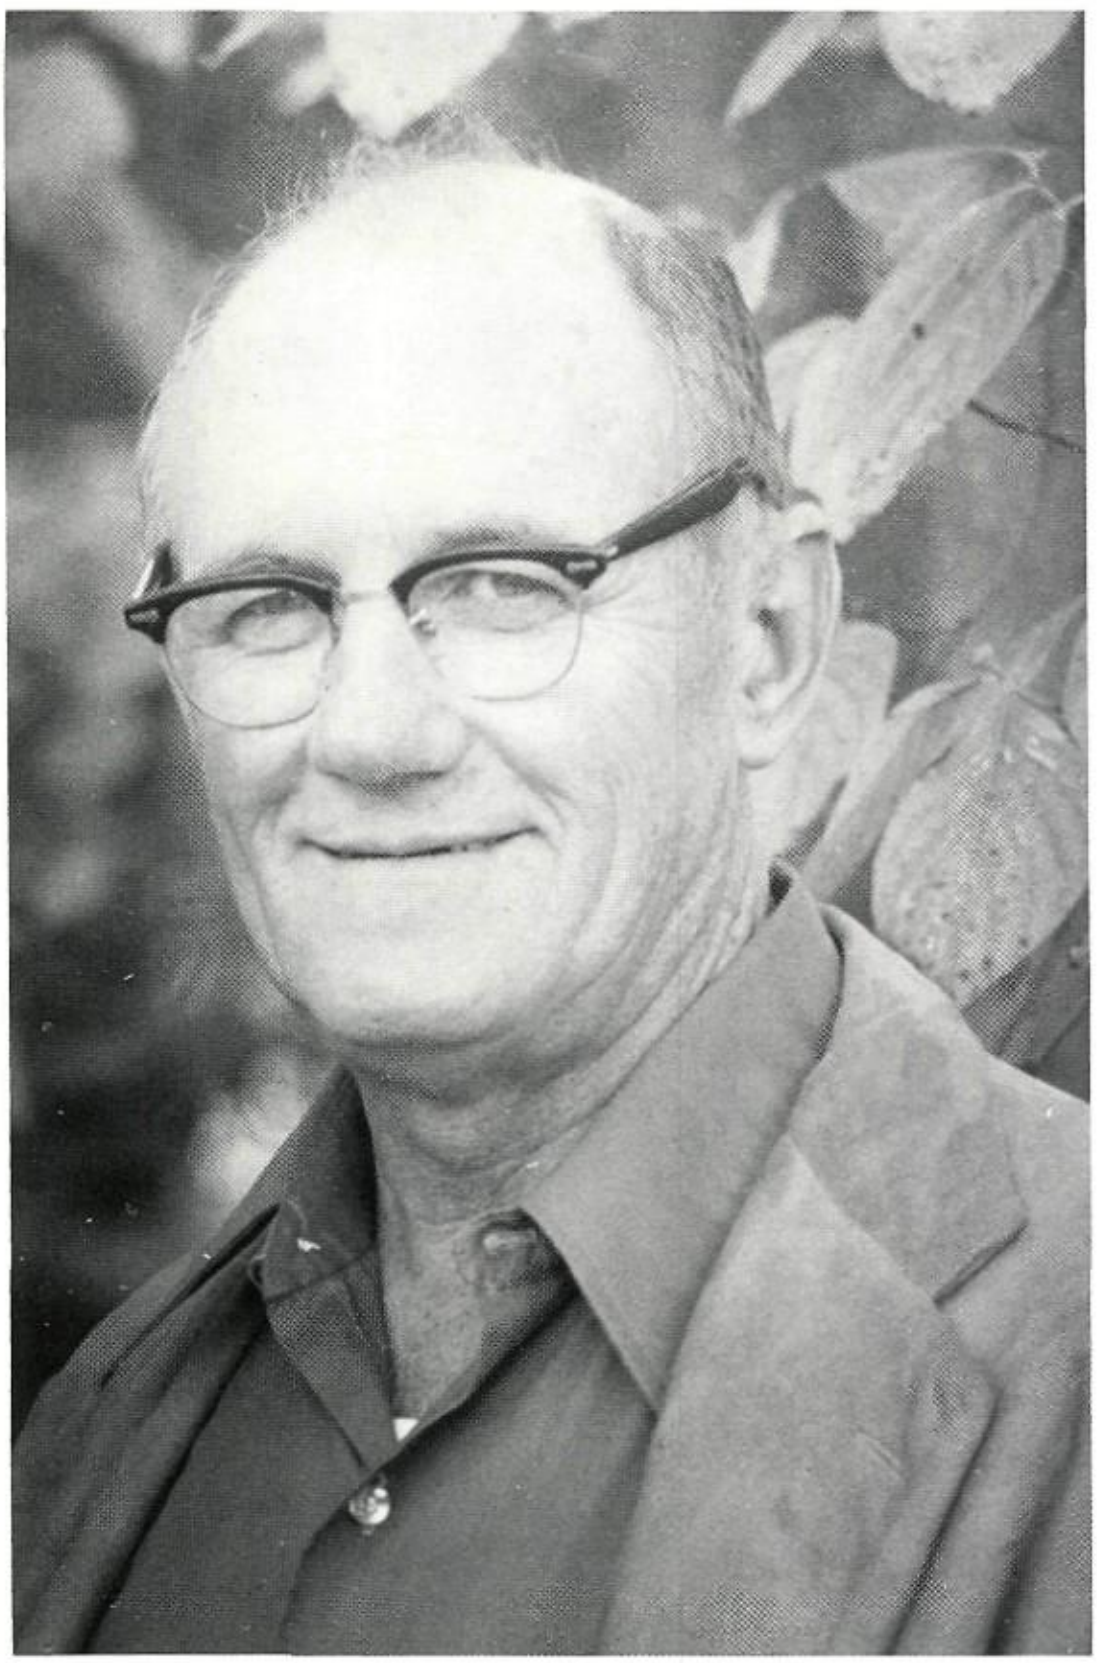
. . . but where are we going?

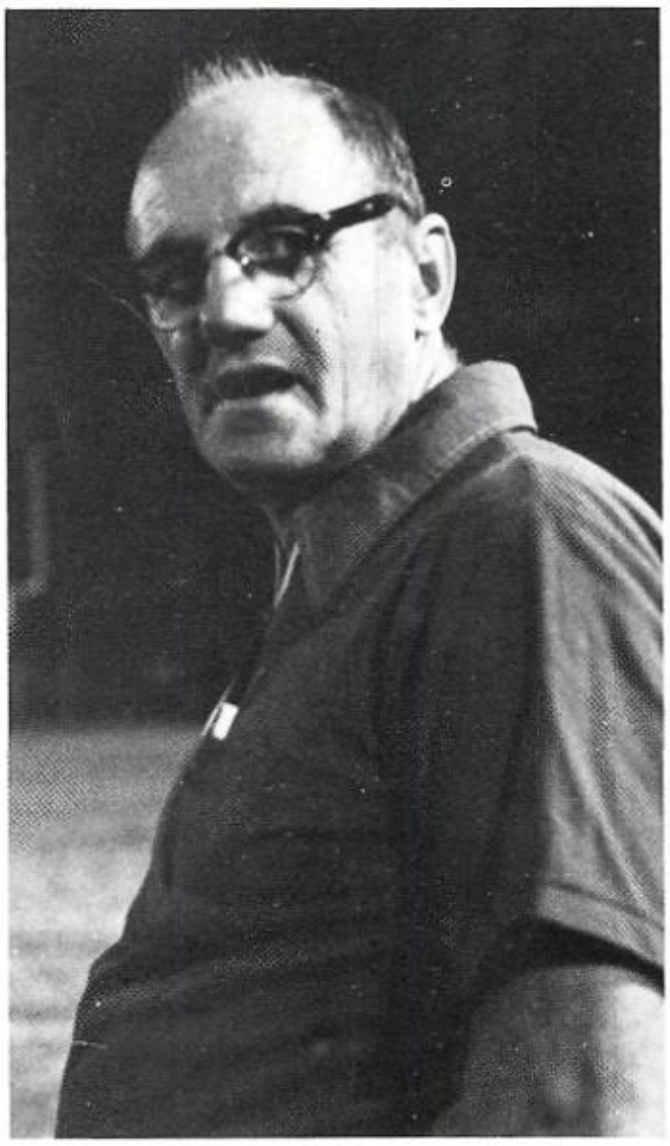


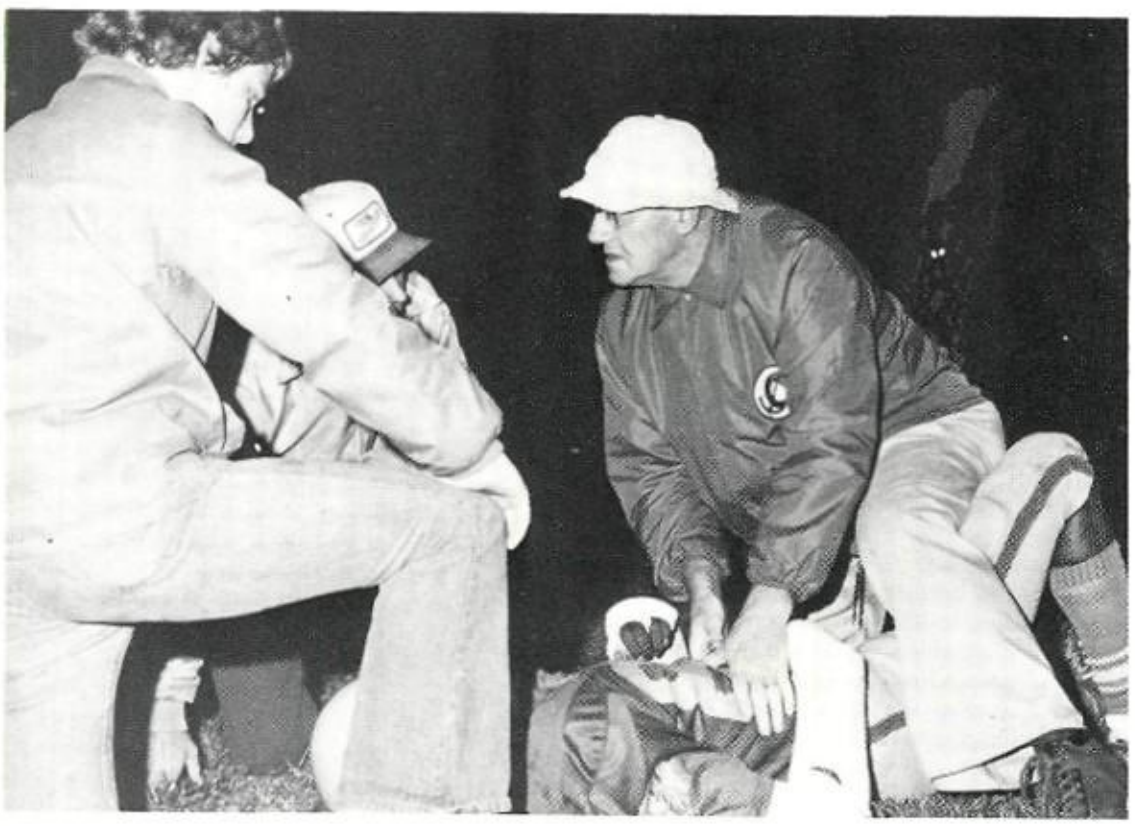
Our Dedication

The Class of '77 dedicates this VOYAGER to Dr. Andrew C. Mitchell. He has been the team physician since the first James M. Bennett football game in 1965. Dr. Mitchell has helped and supported our team throughout the years, and indirectly contributed to our victories. Because of his continuous untiring dedication to our school, we dedicate this yearbook to Dr. Mitchell.

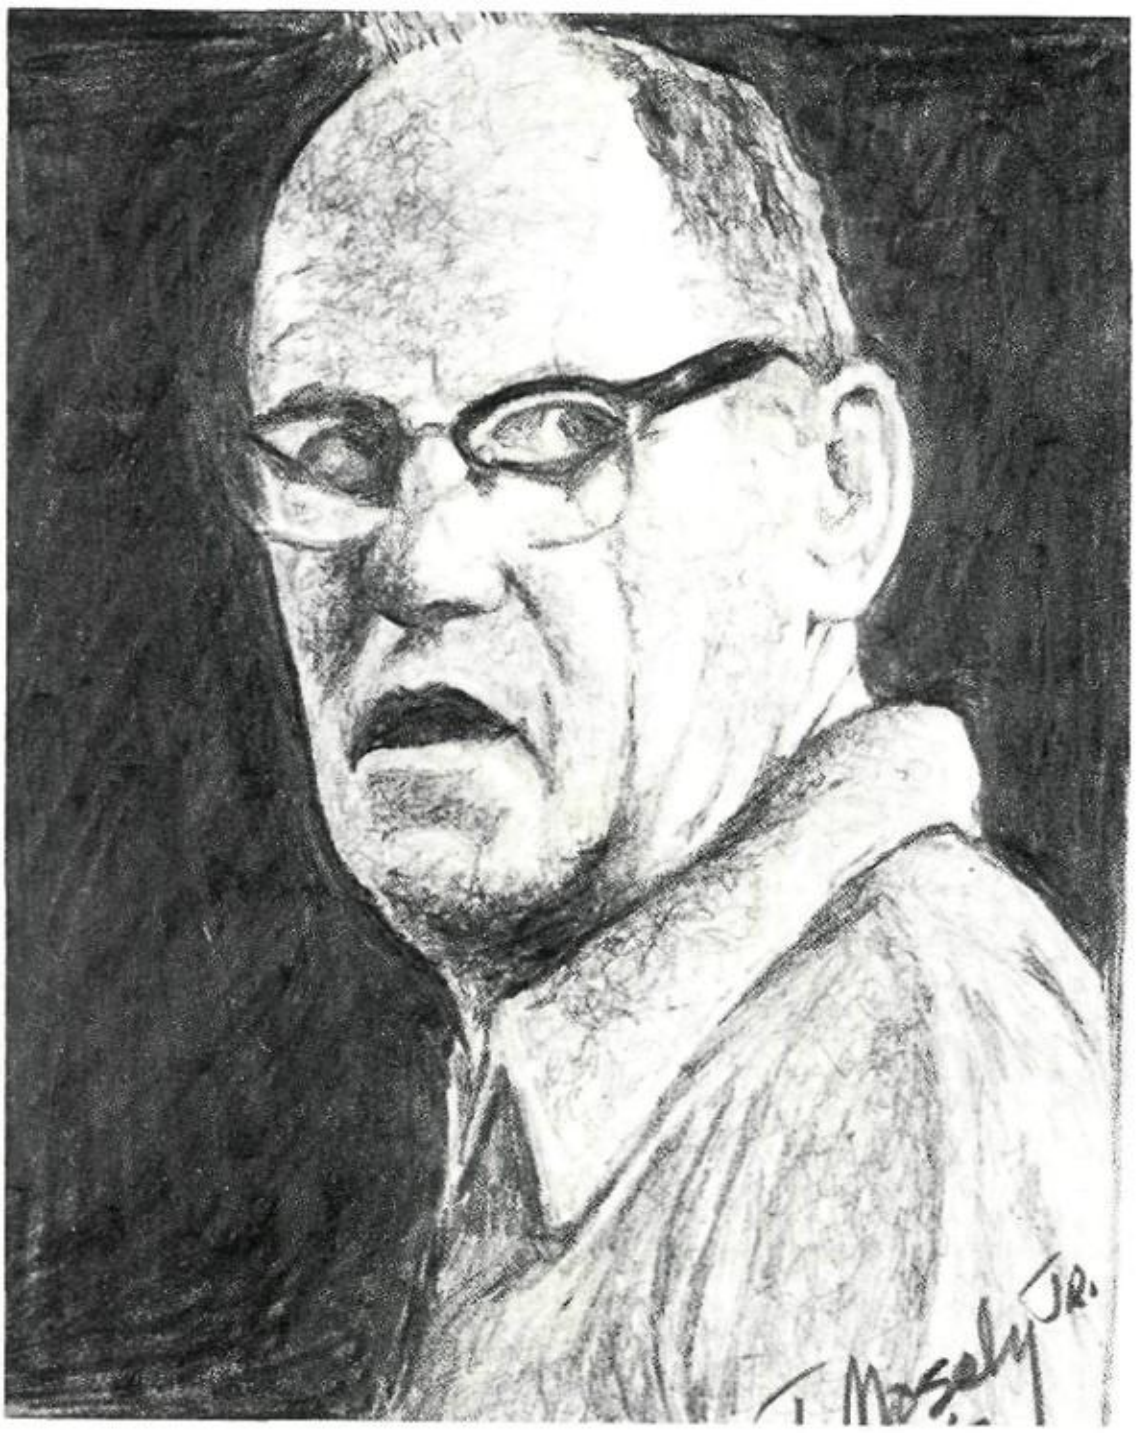








to His Dedication



"He has done so much for the team." Mr. Thomas Bailey

"Completely dedicated person helping youngsters." Mr. Lloyd Wescoe

"A genuine friend." Scott Parker '76

"He only missed two home games in all the games we have had." Mr. Thomas Bailey

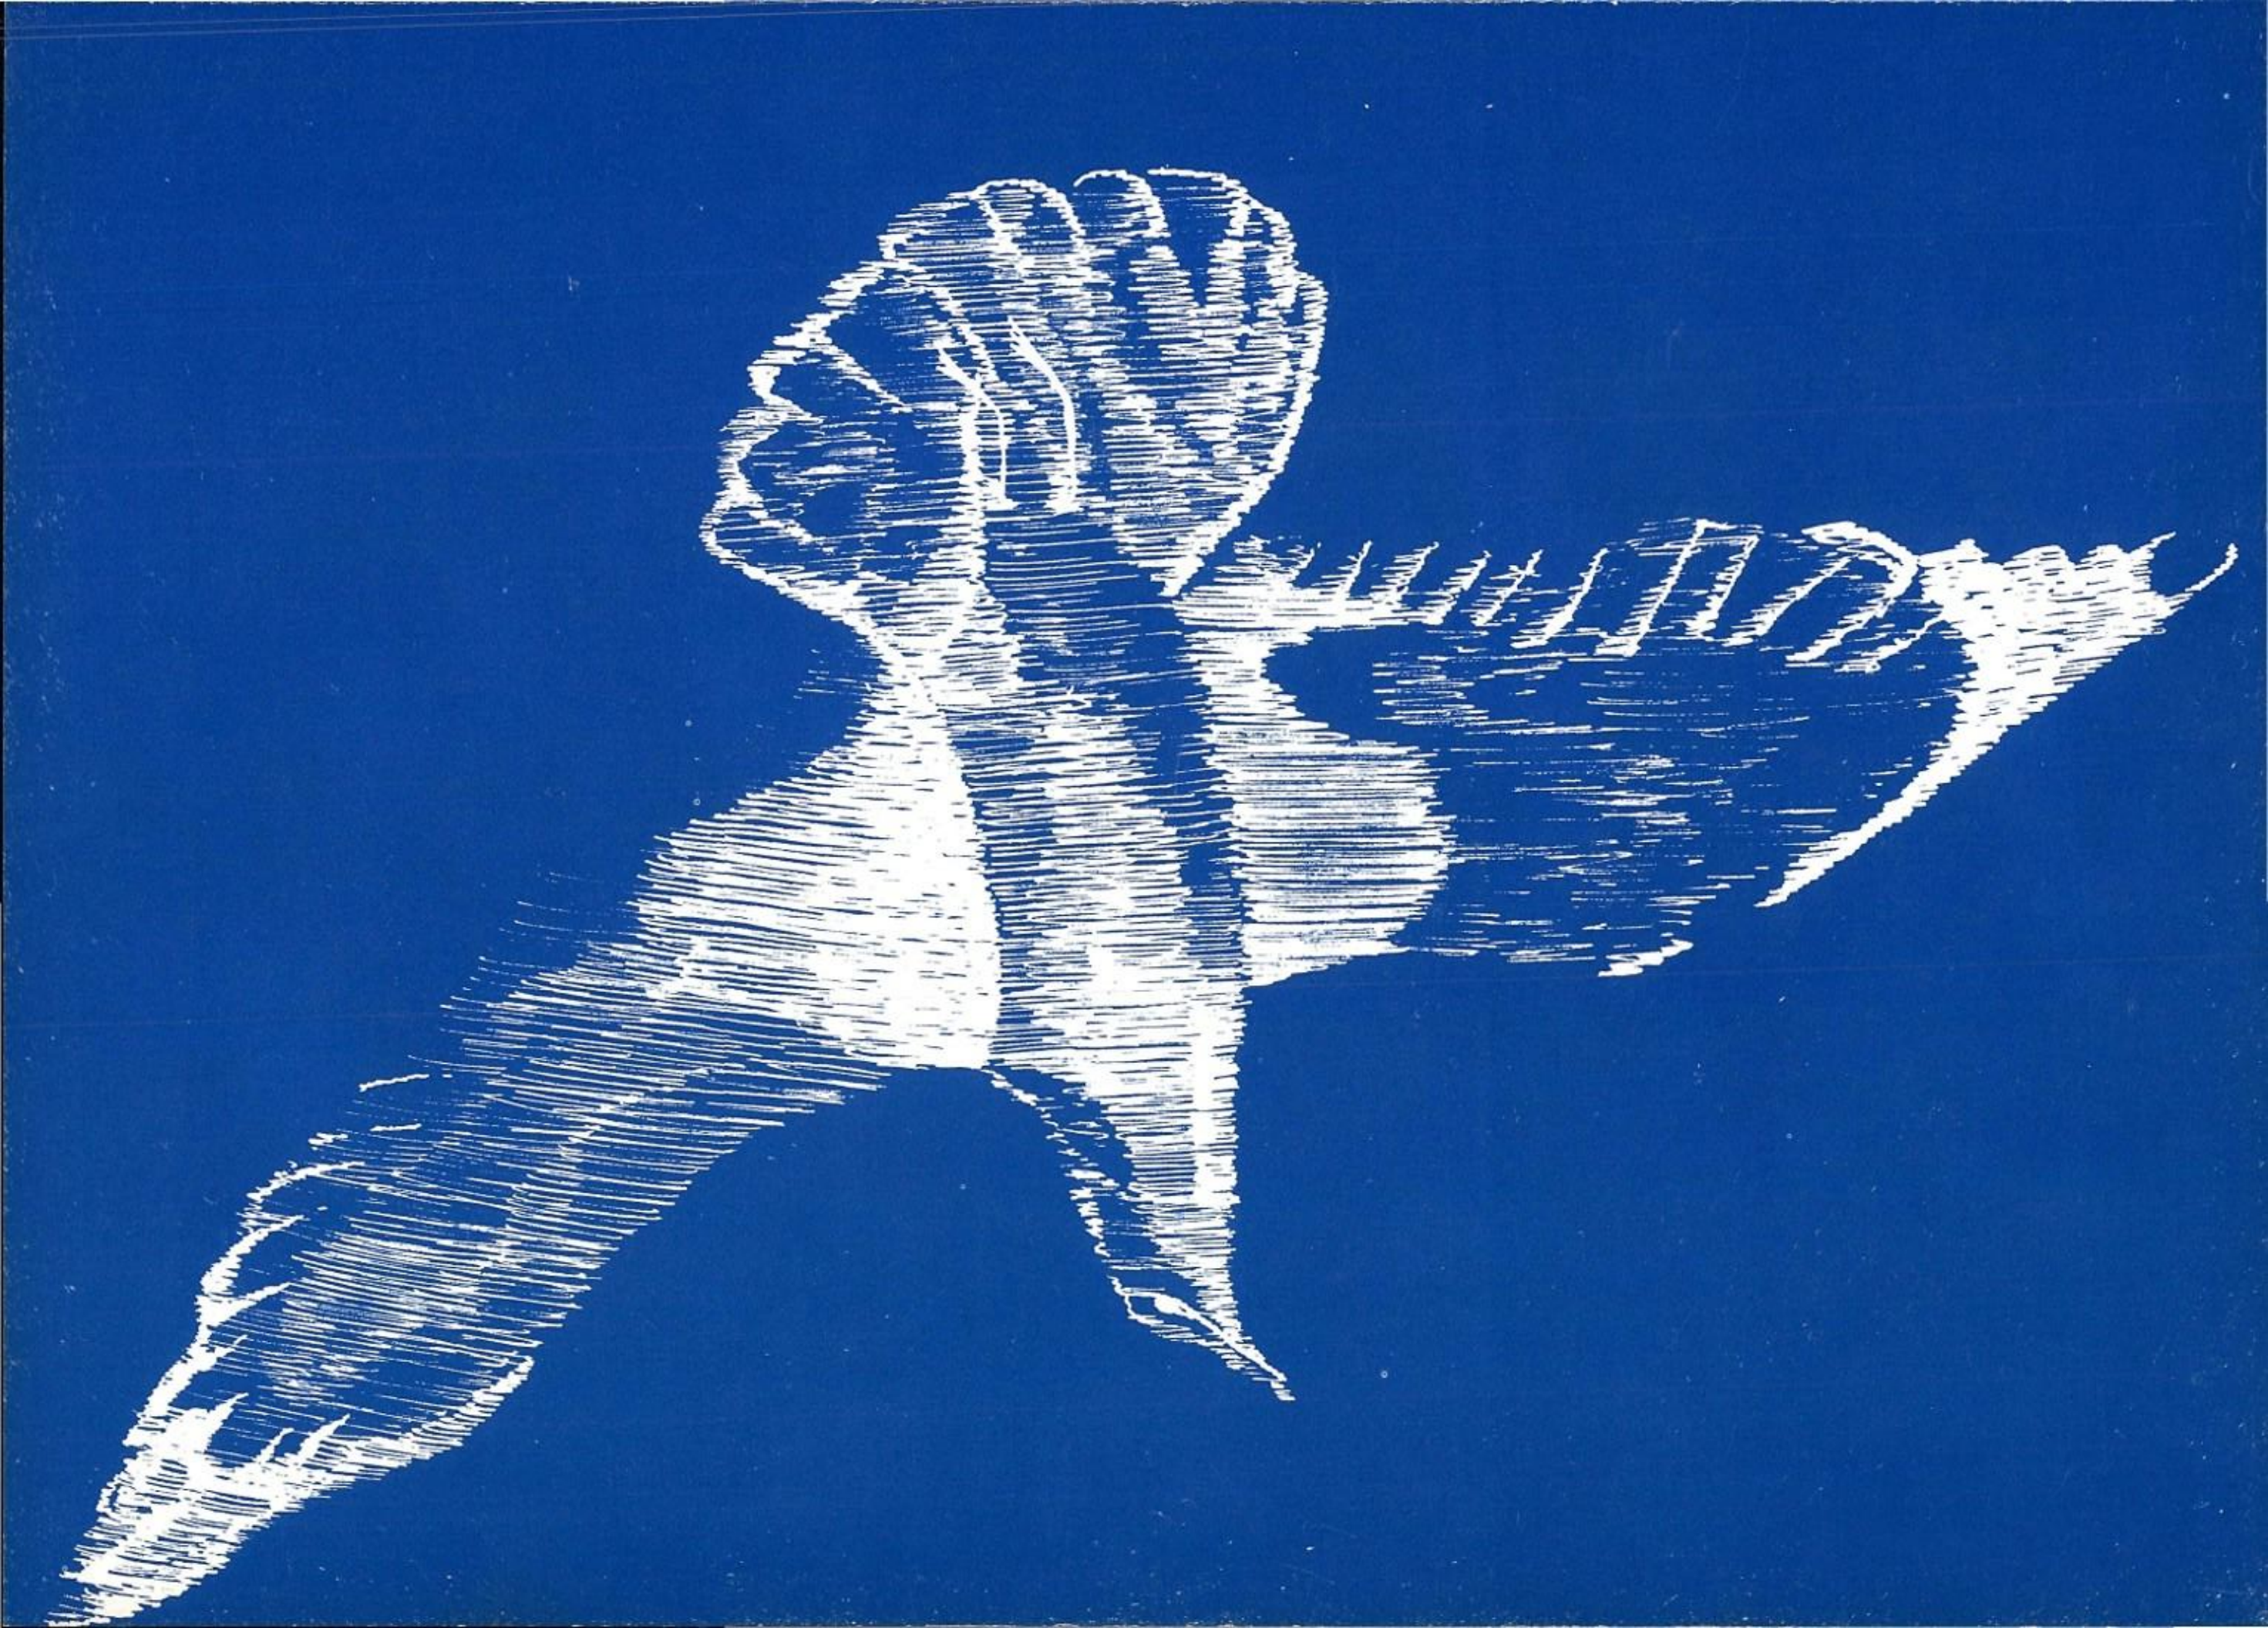
"He keeps the team morale up." Lee Bobo '78

" 'Give 'em room to breathe'." Jeff Farace '77

"I think his total dedication in helping our football team has been to insure that any player, from any team, who was injured would receive the best medical assistance he could offer." Mr. Lloyd Wescoe

"He's always there." Mark Freeman '77

"He cheers you on." Jeff Selland '78



Seniors

Graduating Class of 1977

This is where we've been . . .

We've conquered every mountain-sized
molehill,
Been frightened and excited by new found
freedom,
Had our share of looking back with
many regrets:
If only we could do it all over again . . .

But there's no time for that now,

Where are we going? . . .

We have new people, places, feelings, and experiences to learn of,
And we have only time for excitement,
joy,
and a determination to face everything,
Yes, Everything, that we must with an exuberance that is ours . . .
Alone.

Where are we going?

We don't know,
but we are ready to meet it head on!

CLASS '77 CLASS '77 CLASS '77 CLASS '77

Changes, there have been many
Throughout our high school days.
They gave us a new attendance policy
And final exams without any say.
Parkside took a few of us;
The freshmen joined on in.
The homecoming game was postponed.
But we pulled it all out with a win.
The Faculty game was a big one,
It helped us make some dough;
The students had a chance to laugh,
And we dearly thank them so.

Our prom was superstitious;
Friday the thirteenth, what a date!
But our "Night on the Town"
Simply turned out super great!
Although I'm sure we'll remember
Our days at JMB
From silver to midnight blue -
And Dream On,
"Dream until your dreams come true."

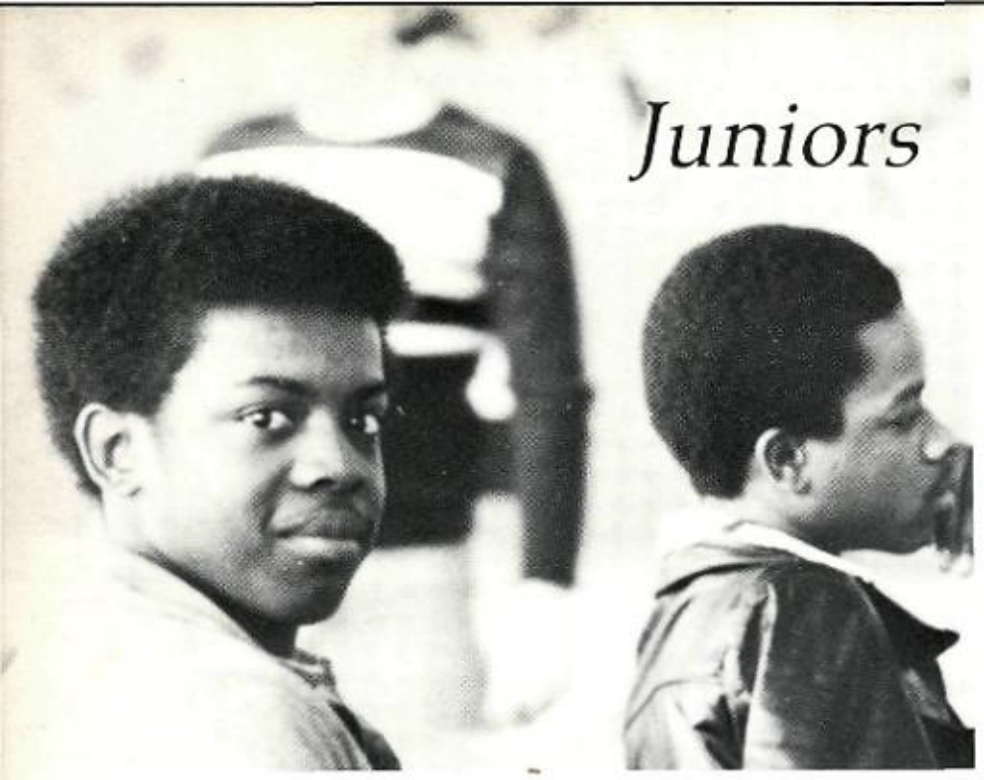
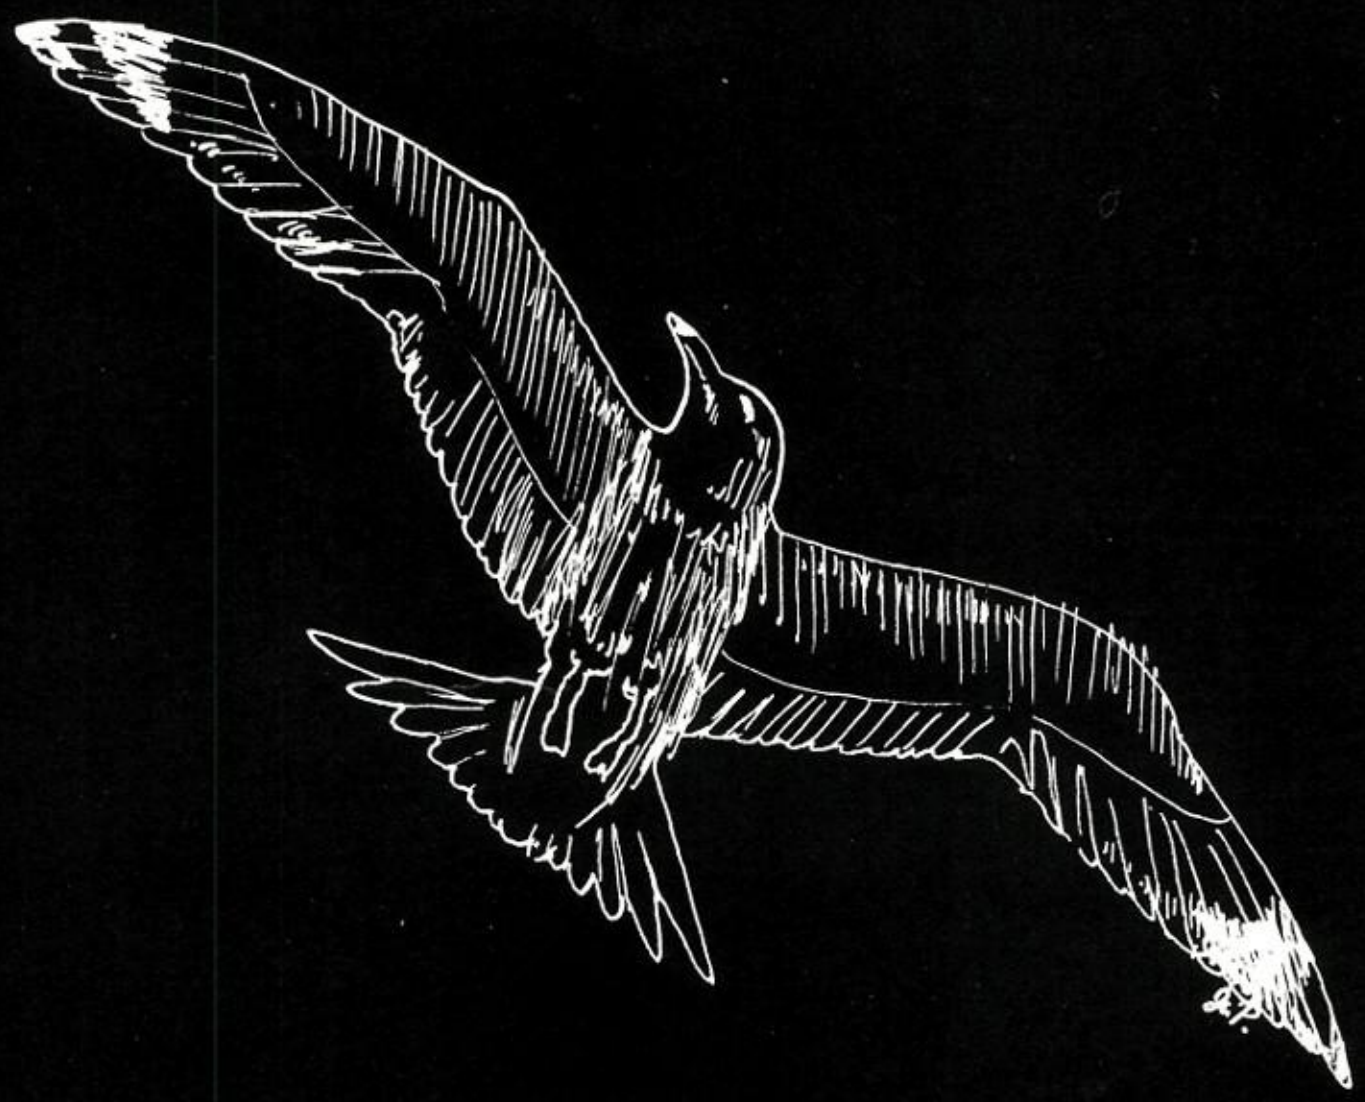
Juniors





Junior
Class of 1976

For many of us, free flight has regrets.
It is sometimes lonely and the wide
expanse can lose us within it.
There are many pitfalls,
There are many things that must be
learned and mastered,
After we master those precepts there are
only more and more to learn.
If we look back, we can see where
we've been,
But for the answer to the question:
"Where are we going?" we must learn to
face the future always.

This is where we've been,
but where are we going?

CLASS '78 CLASS '78 CLASS '78 CLASS '78

It has been a real experience being your class president for the school year of 1977. It has been a good year with many memories. It was fun building the class float and then winning second place in the contest. Our class has a great group of young people who have a long way to go in life and a lot to offer while they go.

There are those of us who will seek but life's best and thrive upon it, and there are those of us who will not. I hope that they are few. I wish you all the luck and goodwill there is. Anyone who quits striving for excellence should move over for those of us who will not. I would like to share with all of you something I learned early in life. All the knowledge in the world is only as good as the wisdom that guides it. May all the best in life be yours.

Sophomore Class of 1979

Some of us are just learning to fly.
To be out alone is new, frightening,
Unfamiliarity scares off too many.
But for those who brave it to become
better, faster and more learned
lovers of life,
The question of "Where are we going?"
holds no terror, only exhilaration
and challenge.

This is where we've been, but where
are we going?

CLASS '79 CLASS '79 CLASS '79 CLASS '79

The 1976-1977 school year has been a prosperous one for our class and was made possible by your support. I enjoyed working with you throughout the year and especially during the homecoming float preparations. Our dynamite float was a result of our creativity and enthusiasm. I would like to thank the class, and especially the class officers and class council for their cooperation with our fund raising activities.

I believe that the potential of our class is practically unlimited. This was shown throughout the year in our many activities. I hope we can increase this potential in our Junior and Senior years. This can only be accomplished with your support. I have enjoyed and am proud to have worked with and for each of you.

Freshman Class of 1980

Some of us have just been given our
freedom.
The horizon is wide and goes on
forever.
The molehills may seem like
mountains,
But we can see where we've been and
it is too predictable.
The mountains are yet to be climbed.
"Where are we going?" describes our
hopes and aspirations as no
other statement can.

This is where we've been,
but where are we going?

'80 CLASS '80 CLASS '80 CLASS '80 CLASS '80

This, our Freshman year in high school, has not been the greatest, as it isn't for many Freshman classes. We've had plans fall through and there are things that the other class did that we couldn't or didn't know we could do. But, there is something we do have and we have a lot of it and that something is school spirit. Spirit doesn't do it all, but spirit, plus the things we learn along the way; will make the class of '80 the Greatest.

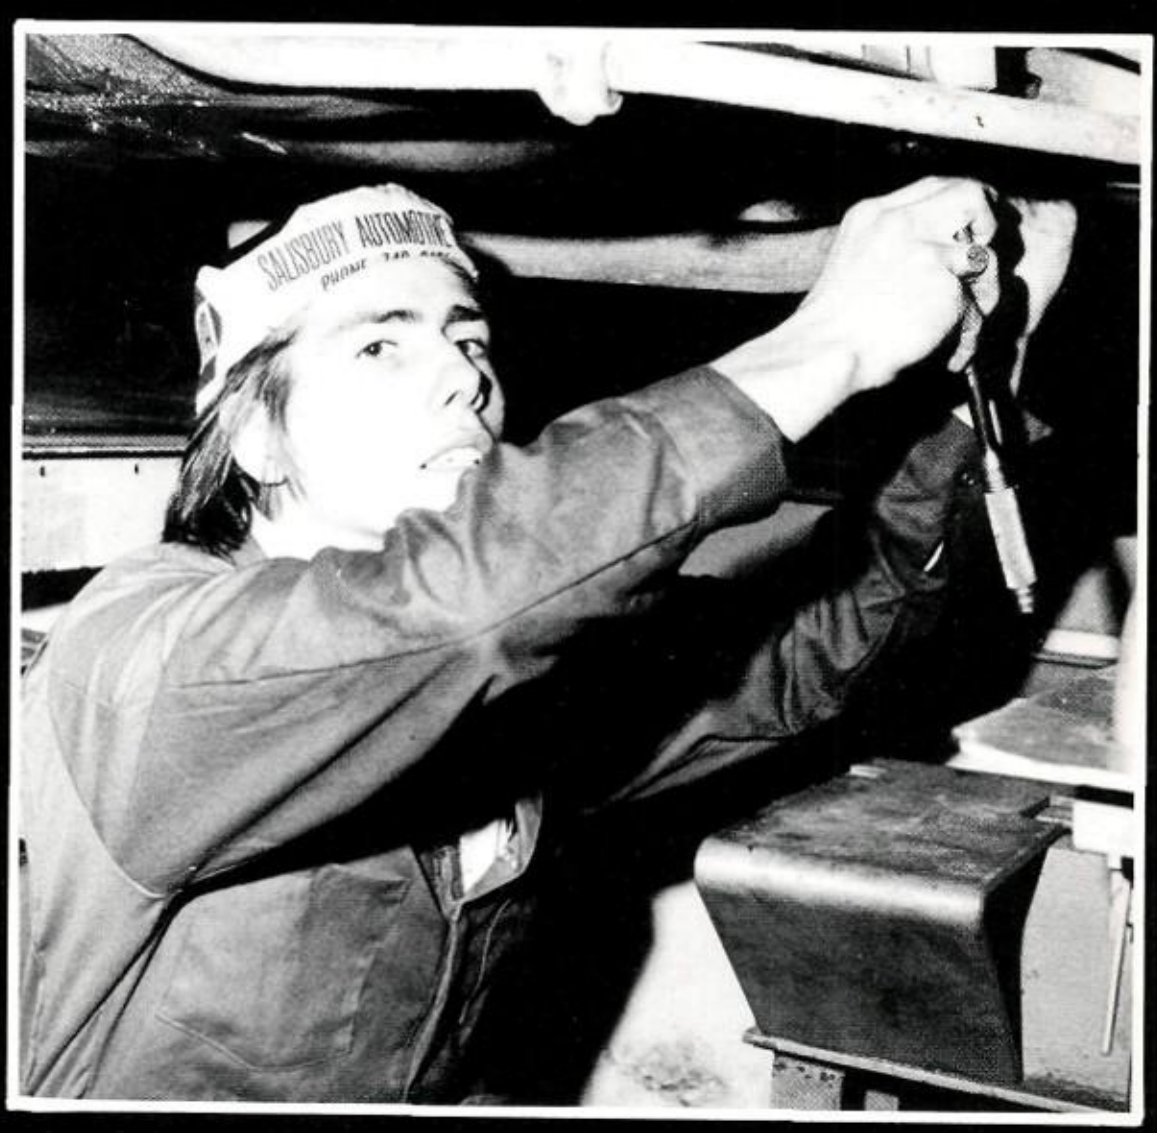
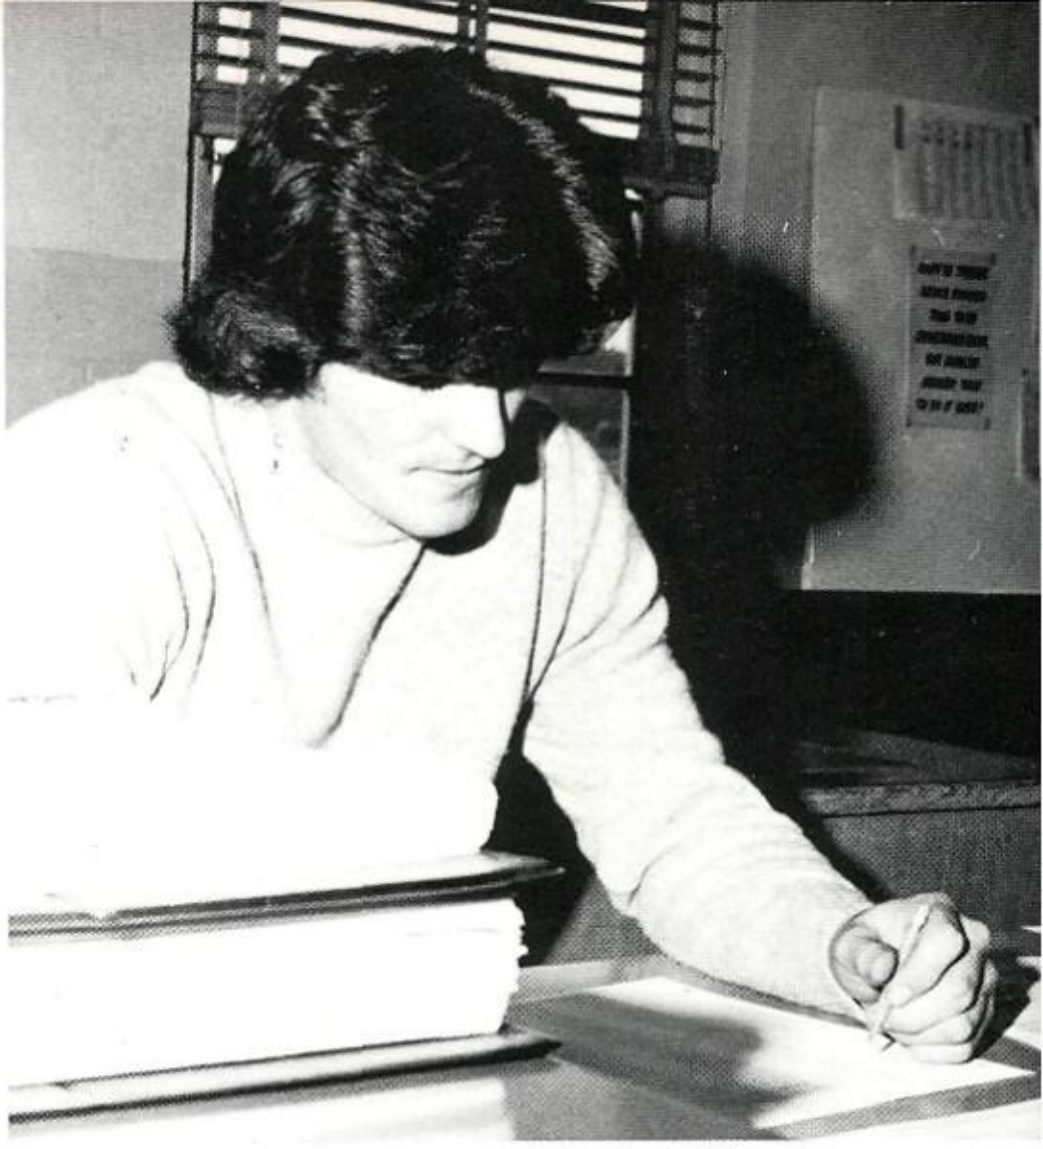
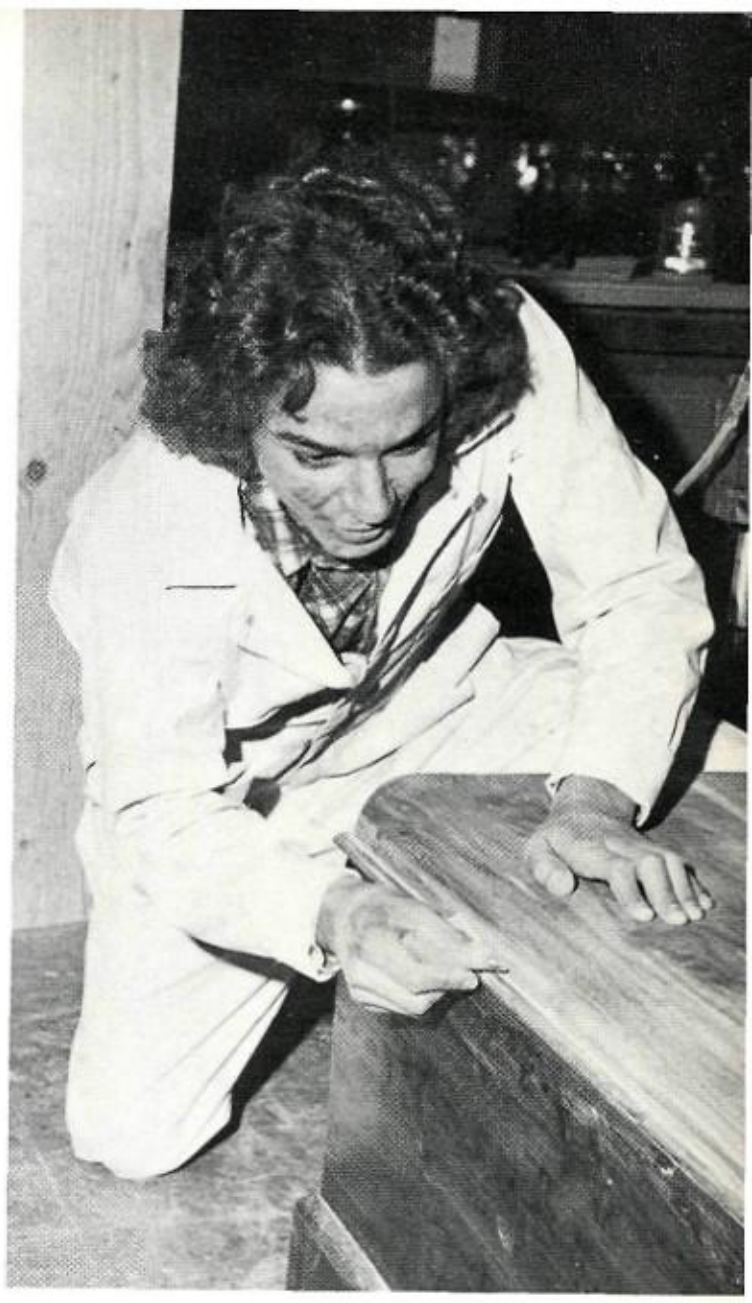
Vo-Tech

This is where we've been,
but where are we going?

Some of us graduating from Bennett
will be ready for college
Stuffed with adverbs and other
"useful" knowledge good only
for universities.
Those who have taken advantage of
the Vo-Tech program will be
part of the elite group who
can say —
We know where we're going!







HOBART

Activities

This is where we've been . . .

To class plays, a Musical,
To a Homecoming, a Prom.

We've been on each side of the activities —
To prepare the decorations, schedule the band, print the tickets and sell them,
To promote the function, to get people out, to have teachers involved.

All of this takes a determination and the will to make the activities go —
and go better than they've ever gone before,

But when the work's all done —
To sit back and enjoy without the slightest idea of what has to be done tomorrow
Is worth all the worry, trouble, and time spent beforehand.
To be able to say —
This is where we've been . . .
. . . and we'll miss it
Is indeed worth almost anything.

Homecoming Festivities '76

This year's Homecoming was off to a slow start with the cancellation of the Friday night football game because of snow. But then came Saturday evening and the dance. Sedan de Ville set the pace for an exciting time which included the crowning of Martha Moore as Queen. Tuesday night the Clippers defeated the Stephen Decatur Seahawks 12-0, and the class of '77 won the float competition with "Take 'em for a long hard ride."

Bats In the Belfry

By Angela Randazzo

We, the Senior Class, presented our play on November 5th and 6th, 1976. It was a great opportunity to work with each other and develop our acting abilities. Our directors, Mrs. Carey and Mr. Johnson, did an outstanding job. We are proud to say that we were part of this production. It was the story of four witches and how their love for an orphan daughter/kitten helped them to overcome the power of evil that surrounded them. Halloween's atmosphere, some very good elderberry wine, a few hiccups and a hay-wire music festival made for a delightful experience.

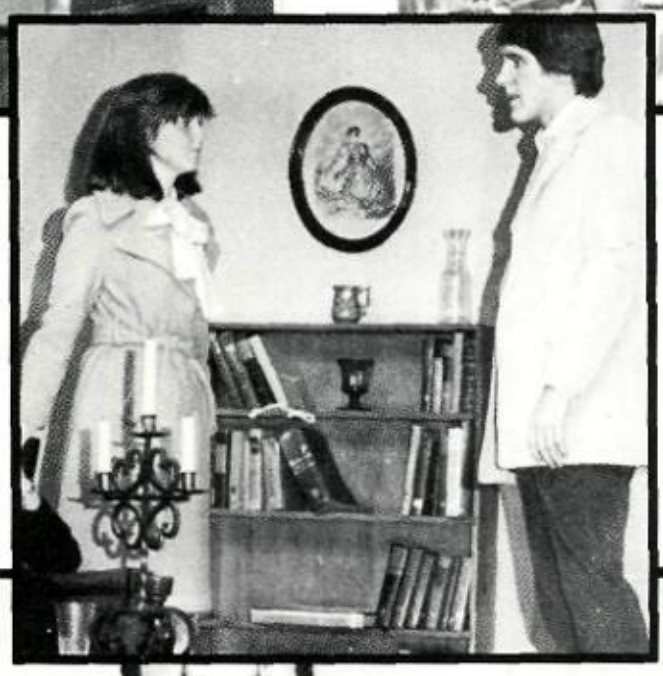
THE DIRECTORS: Mr. Johnson and Mrs. Carey.

Anyone for some bimbleberry wine?

ABOVE: Miss Appley, Miss Penneyfeather, Miss Fitchet, and Miss Maffitt search for a cure to the Reverend's and Miss Fairfax's strange preoccupation.



MIDDLE: Our two sweethearts: Pamela and Oliver Westcott. BELOW: The trick-or-treaters arrive and Miss Pennyfeather, Miss Appley and Pamela look on.

ELDERBERRY WINE AND HALLOWEEN NEVER HAD IT SO GOOD!

Are Teachers Human ?

On February 17th and 18th, 1977, JMB saw one of the best Junior Class plays ever. The Class of '78 presented ARE TEACHERS HUMAN? with the help of Mr. Reavis as director and Kent Russell as student director. A play about the problems and promises associated with the production of a play, this play within a play was a delightfully light comedy that everyone - both production staff and audience thoroughly enjoyed.

HAVE TEACHERS EVER BEEN SO UNIVERSALLY MISUNDERSTOOD?

". . . hopping down the bunny trail . . .

The unbuttered giant and coach.

The play proved the theory that teachers are human but asks if principals, presidents of boards, and their daughters are also human.

Our two heroes.

Gone in a flash of lighting.

Carousel

For the first time in the history of JMB, the musical presented received standing ovations at every presentation. This somewhat Steinbeck-toned play, presented March 30 and April 1, 1977, was a Rodgers and Hammerstein production that combined tragedy with comedy and the lighthearted with the solemn to create a story not easily forgotten. The story of a love that misses a happy ending by a flood of tears, CAROUSEL was the first non-comedy to ever be attempted by a Bennett production group. Mr. Clapper and Mr. Reavis pulled together a very memorable experience for actors, stage crew, orchestra and audience. Those who saw or worked on it will be hard pressed to forget the magic present when this combination of talent, music and script came together.

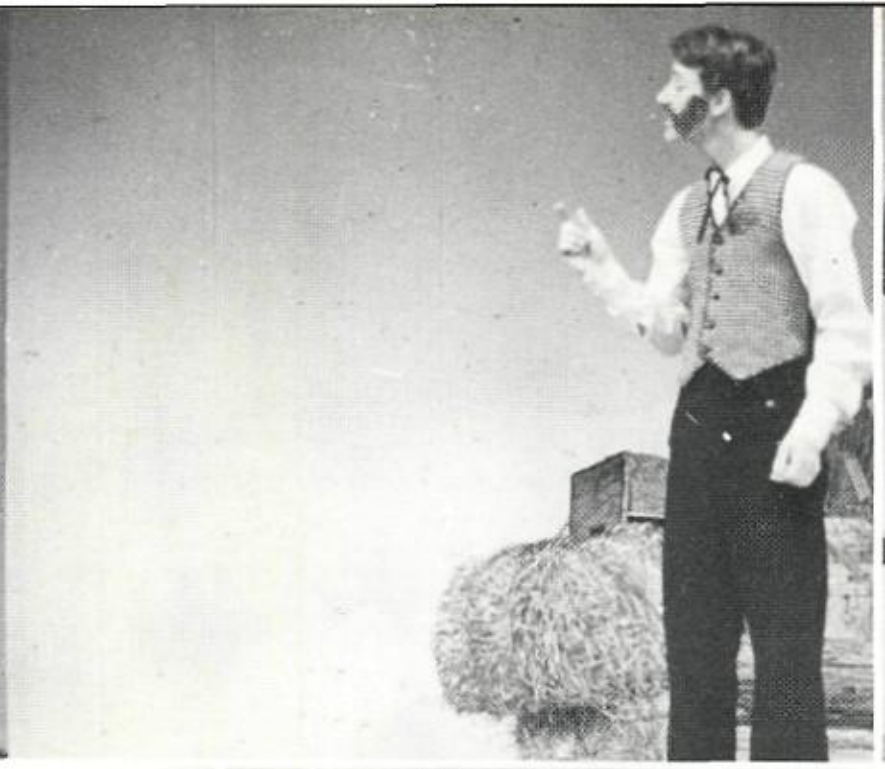
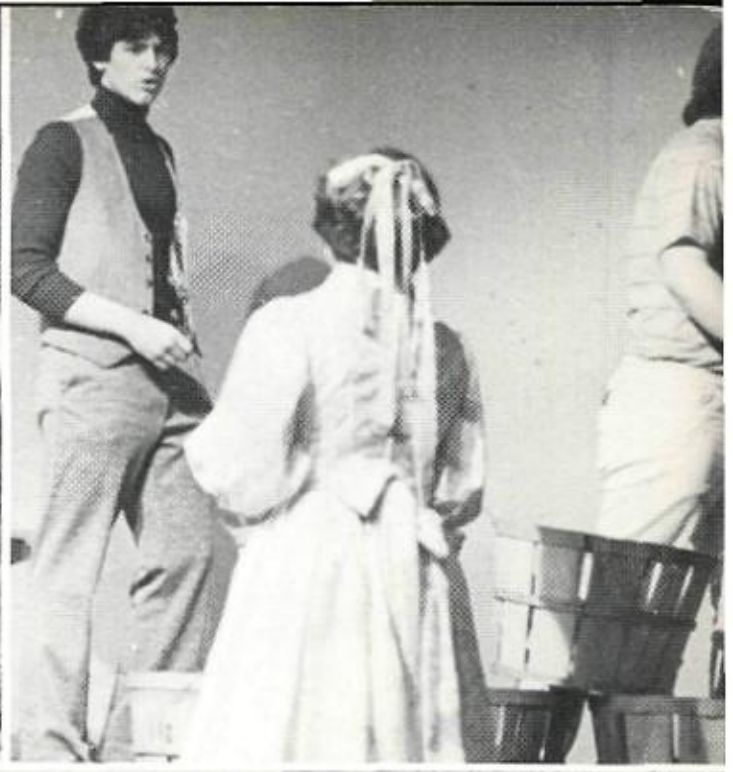
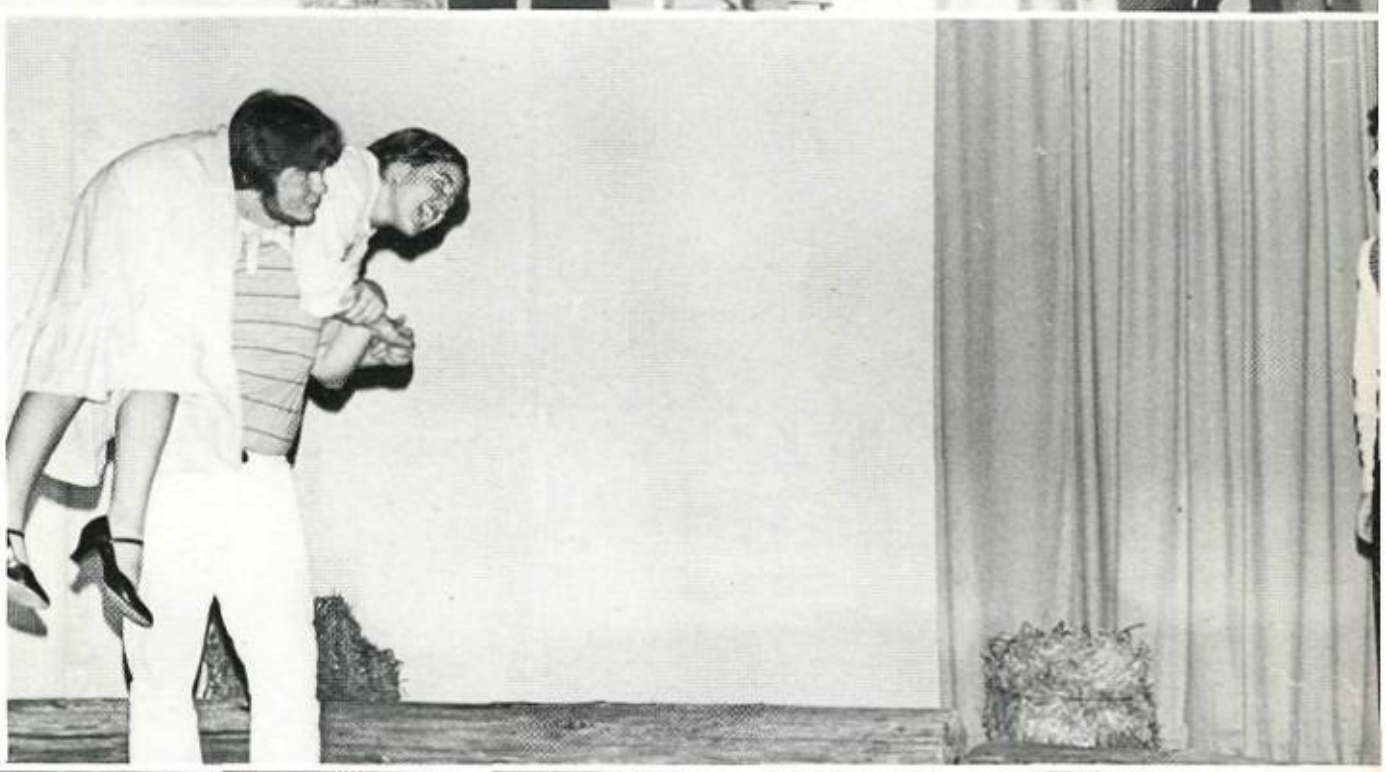
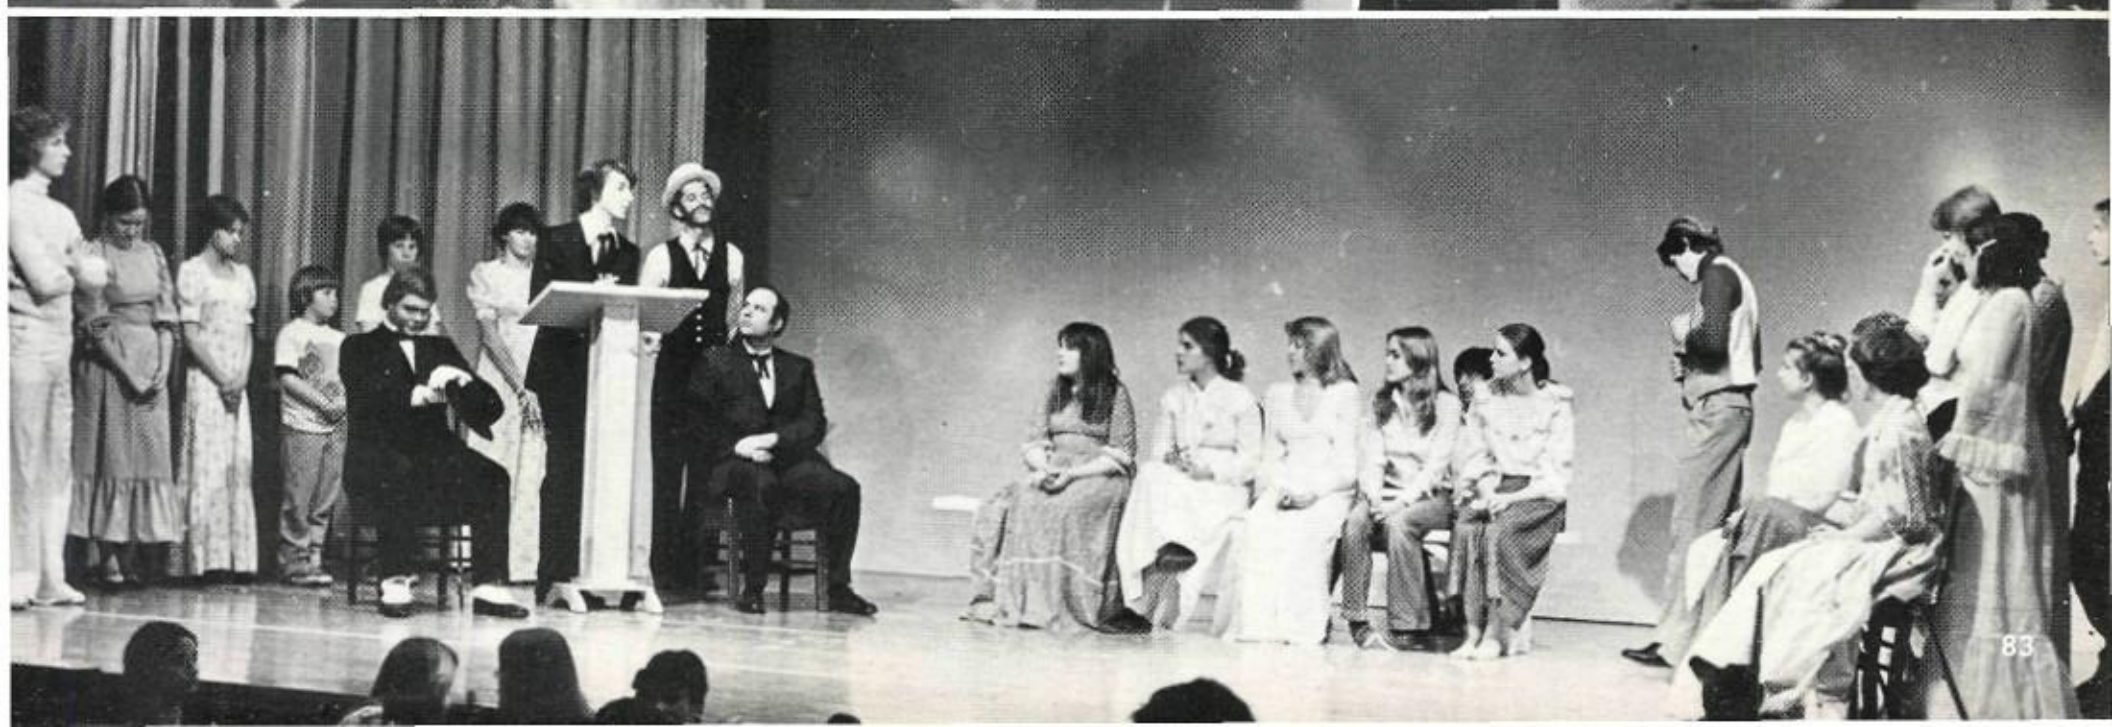
WE RETELL CAROUSEL . . .









Greaser Day

Friday, April 29th, the clock turned back to the fifties - jitterbugging, poodle skirts, bobby socks, and the DA. The halls that were left rather empty by "vacationing" seniors were filled with strange and unusual sights. It was a fun-filled day for everyone here and at Assateague.

Class Competition Week

April 18-21 was a time of friendly rivalry sponsored by the Student Council. After a grueling week of class competition in such events as the banana hunt, chain link competition, hall decorations, mystery male legs contest, the tee shirt competition and to the dismay of the seniors, the attendance race, the Class of '78 emerged triumphant over the rest.

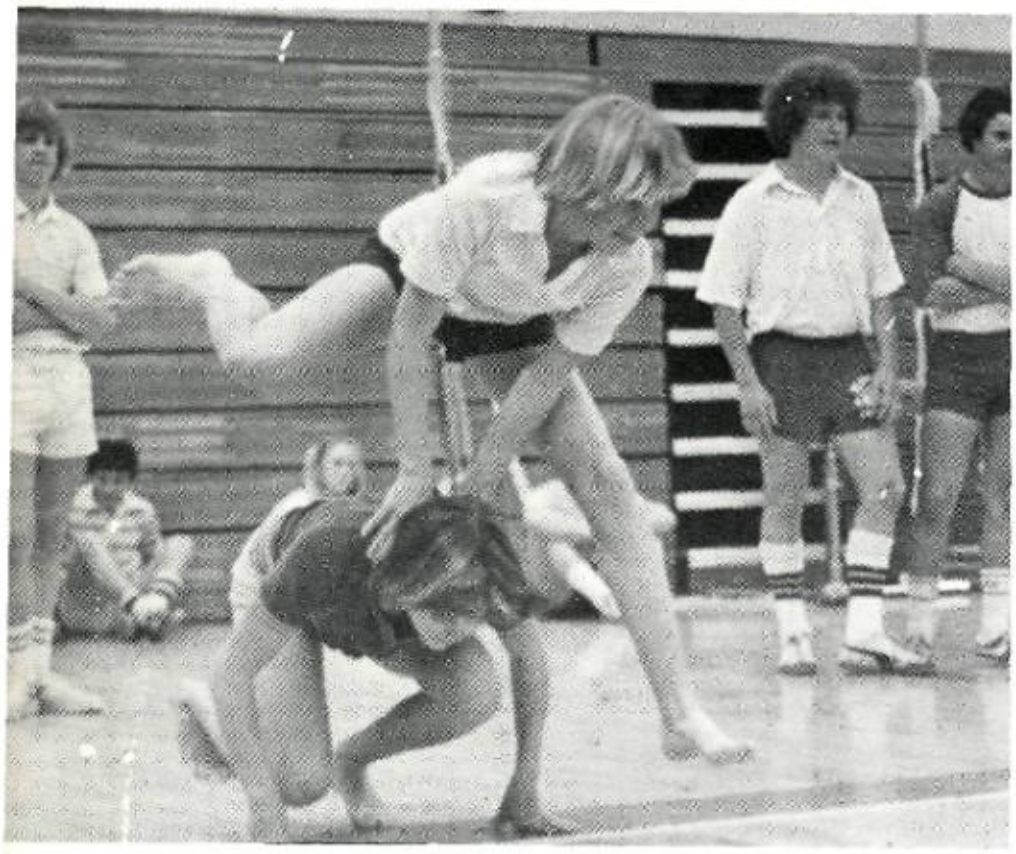
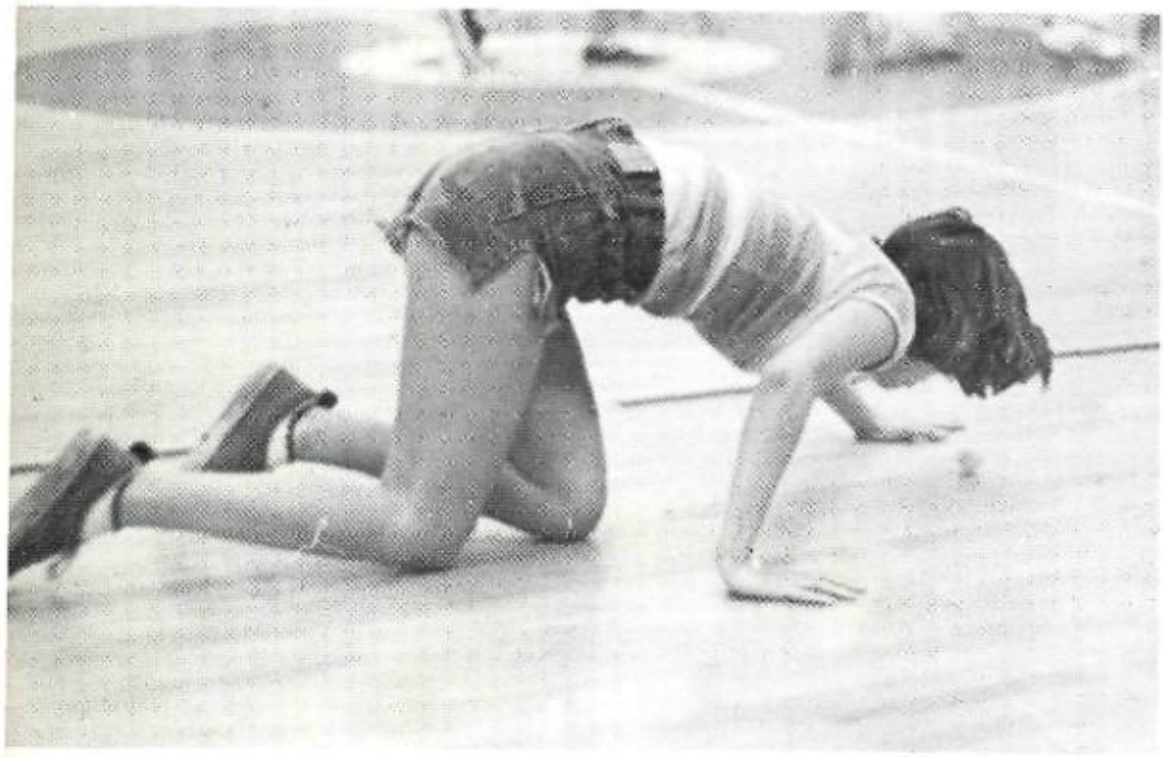
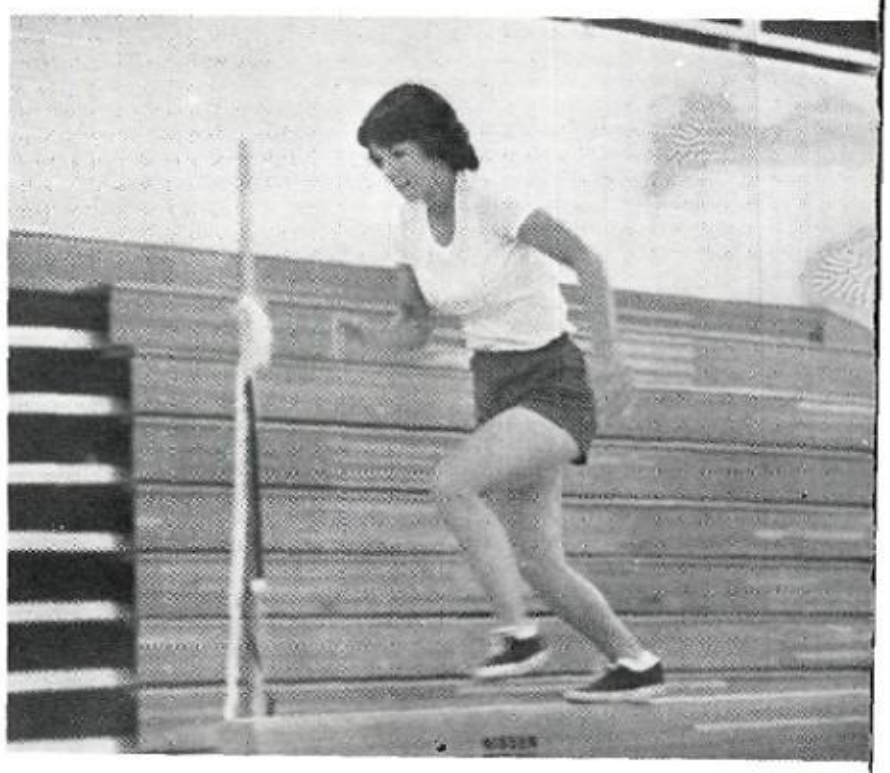
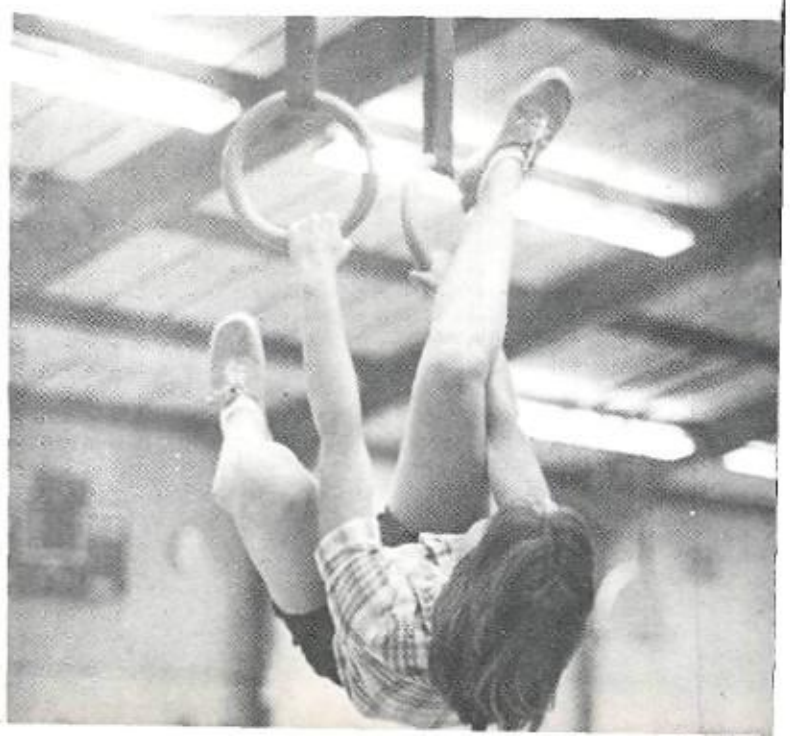
All Sports Night

All Sports Night, April 21, highlighted this year's Class Competition Week. The Class of '77 braved the adventurous activities to take the second All Sports Night victory of its high school career. The Student Council-sponsored evening of unorthodox events provided for exciting challenges and much fun.









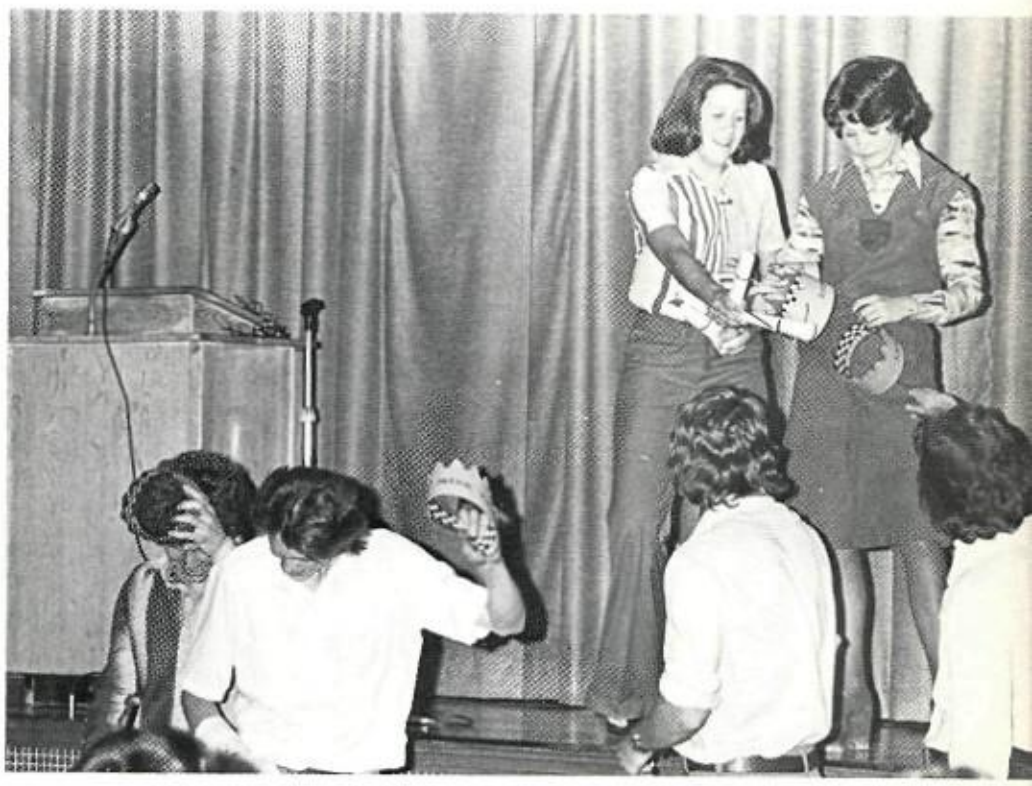
Step Right Up Folks to

JMB's Carnival Night!

Bennett's gym, lined with decorative booths, provided the background for the annual Carnival Night on March 11th. It featured such activities as folk dancing, free movies, bubblegum blowing contests, a dart board, a slave auction, and various other activities. Students and faculty could be seen "locked up" in the senior class jail. Carnival Night was a successful money-making event for the Student Council plus great fun.

Junior-Senior Banquet

It was a hard fight, but the juniors and seniors were able to have their once cancelled banquet reinstated. The administration set-up a mutually agreed upon compromise which upgraded the atmosphere of the once "rowdy" affair. The juniors organized a pleasant evening for the Class of '77 which offered entertainment by Randy Ashcraft, Owen Hooks and Dan Connell. Following dinner came the traditional presentation of awards to the seniors by the juniors, and the Class of '77 read its last will and testament.



THE LAST WILL AND TESTAMENT

Prom Preparation

A Night on the Town

The evening of Friday May 13, was "A Night on the Town" for the Class of '77. Street lamps and murals of dancers adorned the Wicomico Youth and Civic Center for the last high school prom of the year. Bennett seniors and their dates danced to the music of Summer Salt from 9:00 to 12:00 with the Grand March at 10:00. Breakfast followed the Prom at 1:00, and again the entertainment was provided by Summer Salt.

Graduation 1977

On June 2, the Class of '77 bid farewell to JMB and high school. The Youth and Civic Center was filled with friends and relatives as the largest high school class of the year was graduated. Mr. James Taylor, a member of the Wicomico County School Board handed out this year's diplomas. Best of luck to the Class of '77. Dream until your dreams come true!

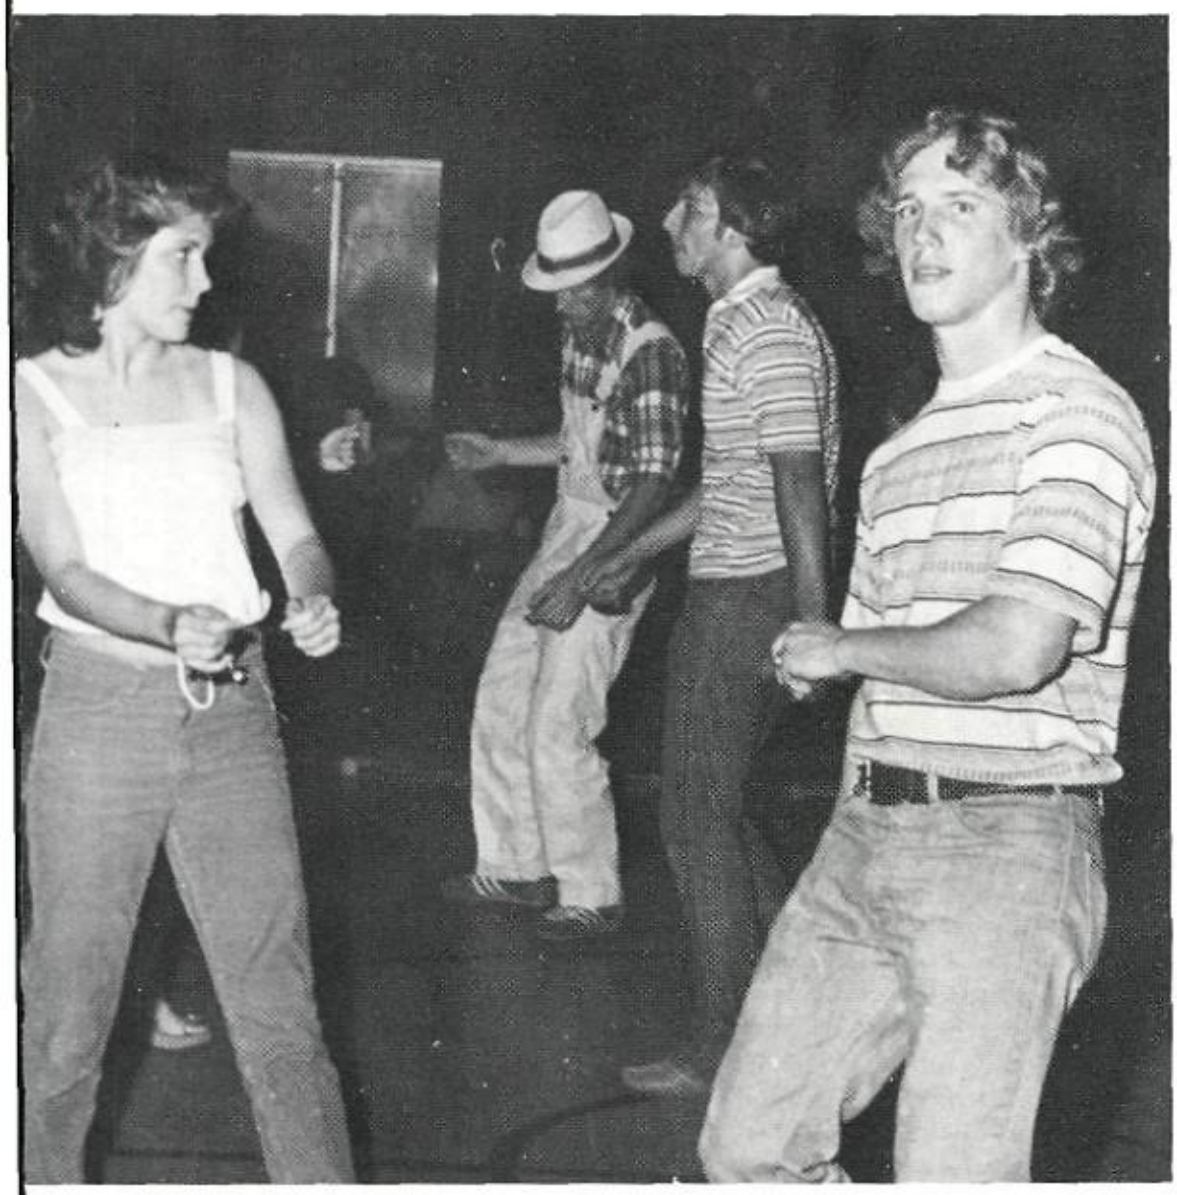
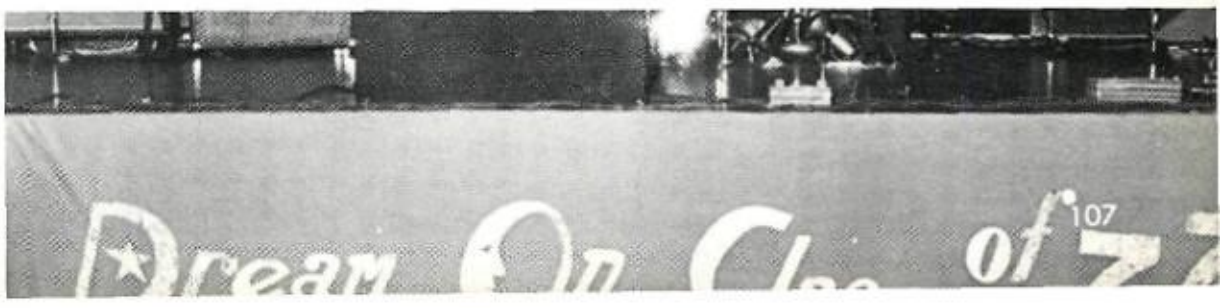
Graduation Dance

Directly following graduation came the last dance for the 1977 seniors. Although slightly reminiscent of the '76 Homecoming - the band, Black Pearl, was late - this last activity was considered a success. Finally, the Class of '77 says good-bye!





Sports

This is where we've been . . .

The headaches, broken bones, and sore muscles
That testify to a hard work-out and
Seem to disappear when the glory and triumph of a victory come.

The ability to act as one with others
Is a talent not all possess . . .
. . . and not all appreciate.

Those with another special ability —
That of guidance, perseverance and a love
for the people who call them "Coach,"
These must push and shove with a light, but firm hand.

The final results — not of the game,
But of the team's individual members —
Will outlive them and bring them their true glory.

This is where team, coach and kids have been . . .

But those who are
now adults,

Where are they going?

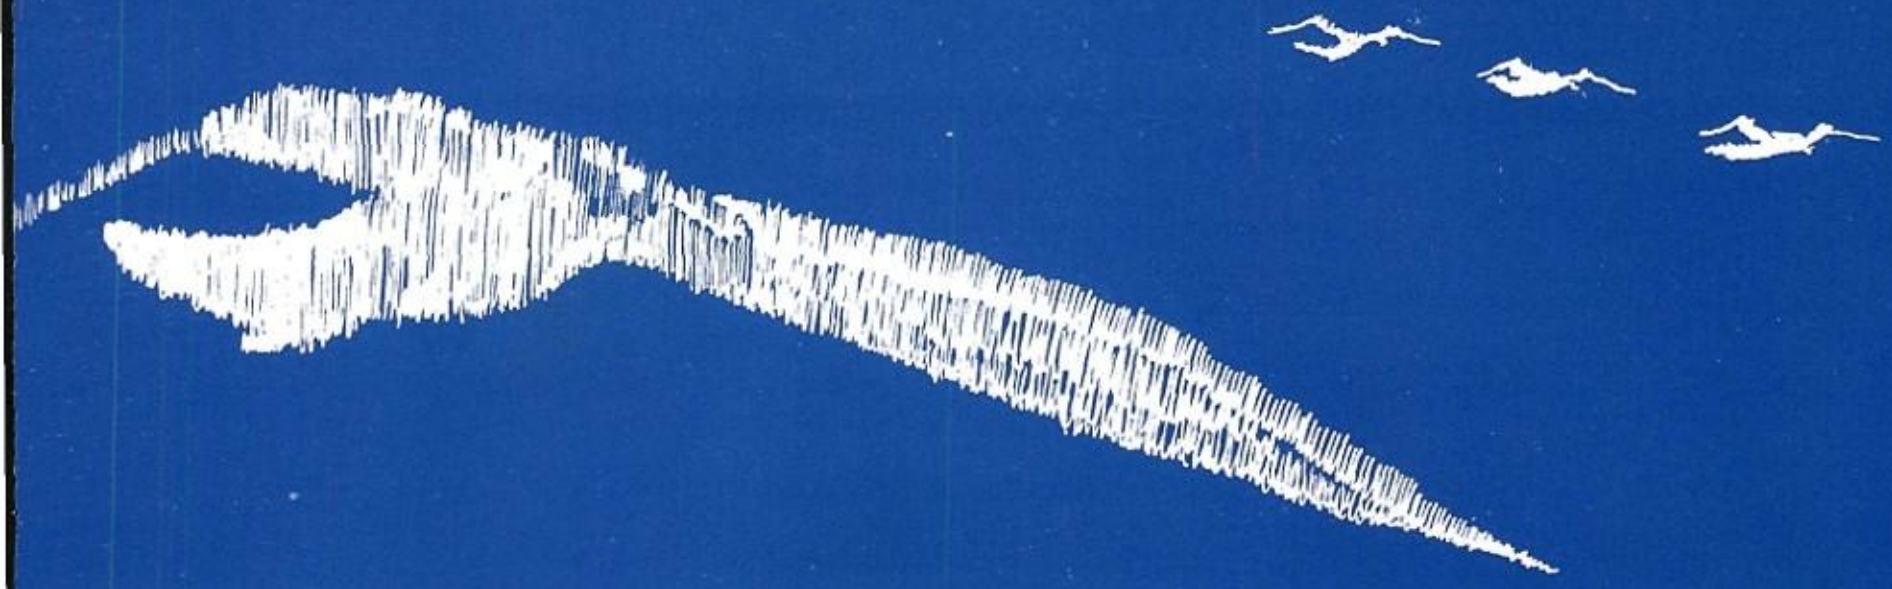
FANS?



Organizations

This is where we've been . . .

Through student council meetings, foreign
exchanges, and after school meetings.

The excitement of new things to do with old friends is an
excitement that seldom grows old,
And for those who have planned, worked, and carried
through —

They know it will never grow old.

People brought together by a common goal or interest
Make cooperation appear easy,
Teachers willing to give up time and patience
Make those they guide truly appreciate
the "Older Generation."

This is where we've been . . .

Through road rallies, Cabarets, and
Carnival Nights . . .

If all of this shows us
Where we're going . . .

It can't be all bad.

The Clipper Band had an outstanding year in 1976-77. Besides playing for the football games, the band thrilled fans at parades from Wilmington to Chincoteague. This was also the year that saw our band get new band uniforms. The band received trophies in field competition at both Queen Anne's Competition and the Seaford Invitational Band Competition. The Concert Band received a "Superior" rating from each of the adjudicators at the District Band Festival, thus qualifying for the Maryland State Band Festival. The Clipper Band was a proud group this year, and a group to be proud of.

Our Thanks

As Editors of the 1977 Voyager, we'd like to take this space to tell all of you what a special experience it has been to work with the people who helped and supported us throughout this year. Some of our memories (both pleasant and not so pleasant) include organizations that posed for at least three pictures, patient photographers, bruised shins, a more or less constant scream of "Milton!," missed deadlines, secret parties, ad worries, new and stronger ties of friendship, and an unforgettable, effervescent smile from Mrs. Linn that means "Finished at last!"

The staff has worked hard and the extra after-school hours have paid off. We appreciate their dedication and offer this book as testimony to it. We wish next year's staff all the luck and cooperation that we've had . . . and more!

Thank You,

Alison Dayton Carolyn Hagstaff

P.S. We would like to thank Tom Goslee, Mr. Tom Parker, Mr. Mosley, Dean Wampler, Miles Prillaman, Robbie Kantzes, Mr. Mick of the LOG, the Salisbury Advertiser, Delmar Studios (for Prom pictures), Julie Payne, Mrs. Carey, Mr. Reavis, and Mr. Tom Scarry for their time, effort, and patience given to us.

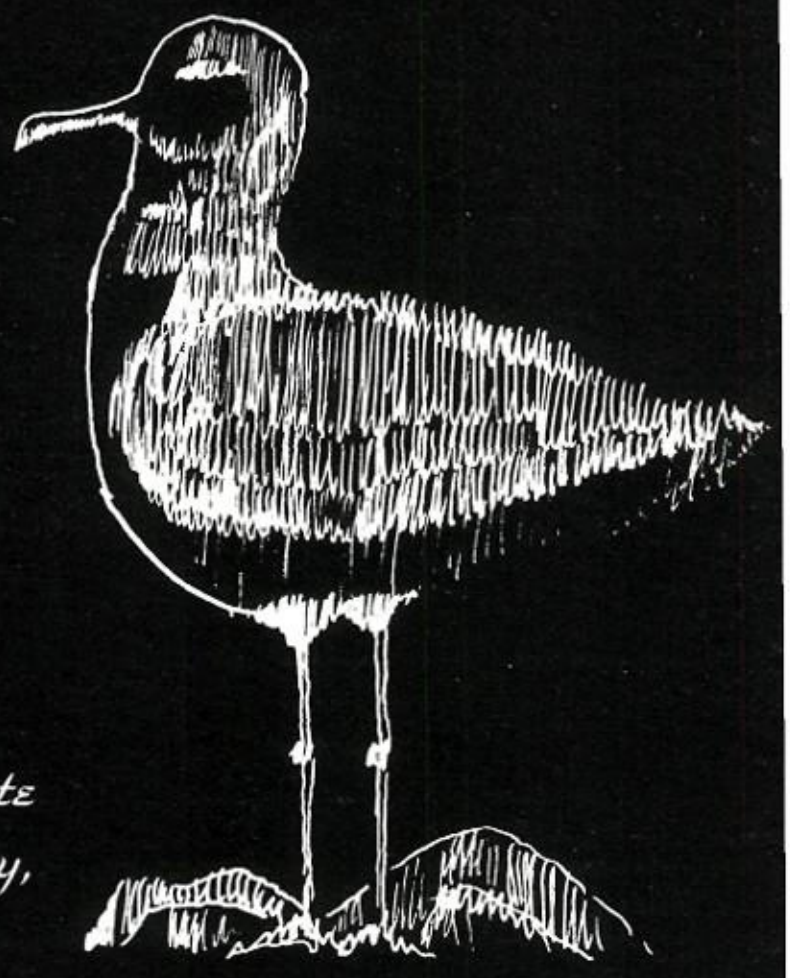
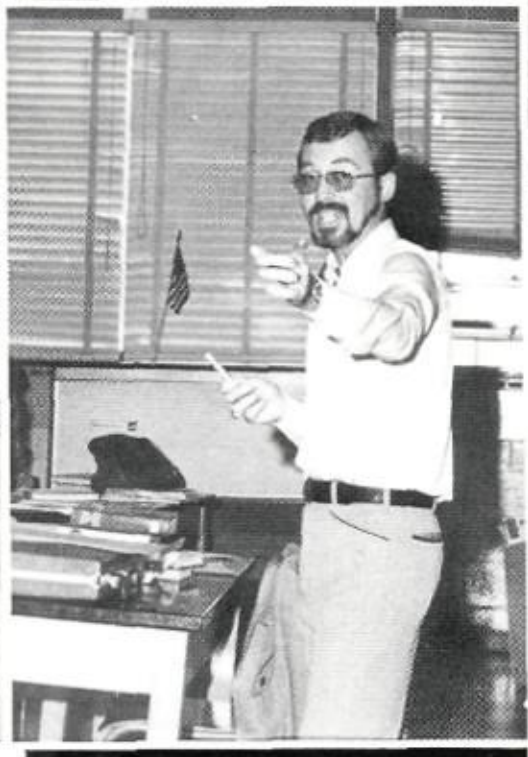
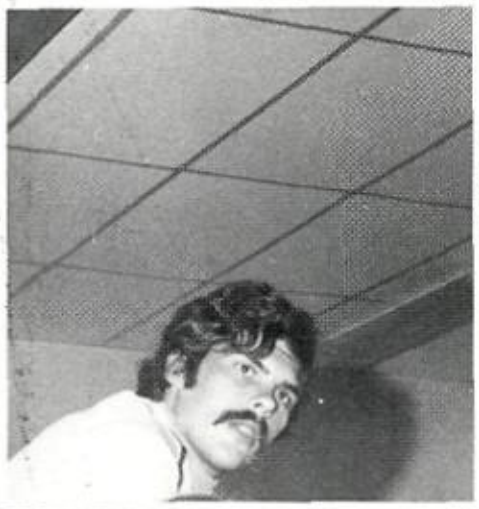
Faculty

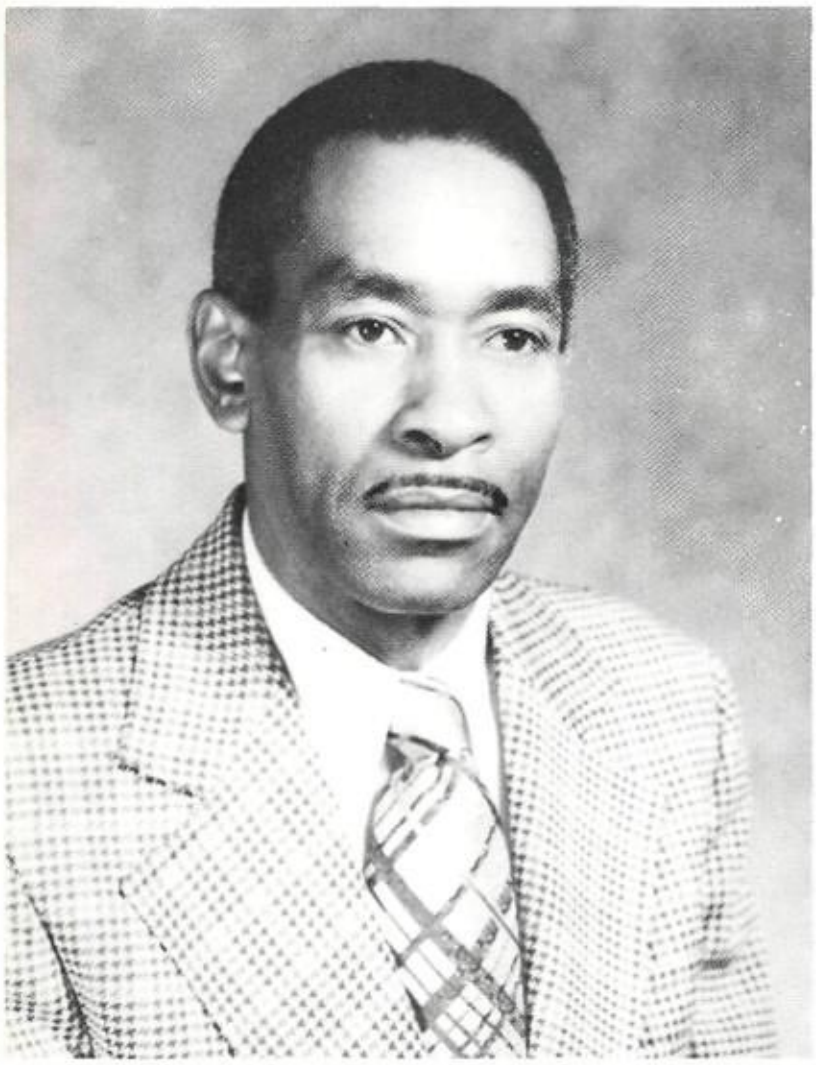


This is where we've been,
but where are we going?

Some here have helped us to
find at least part of the answer.
Here we've stayed for years,
Their help has frightened and inspired us, invoked hate
and love, and introduced us to both fact, and fantasy,
But most importantly, their help has aided some of
us to find the answer to the question:
Where are we going?







Mr. Randolph Outen

Mr. Lloyd Wescoe

Principals

In the Fall of the 1976-77 school year Mr. Outen was the principal of James M. Bennett Senior High School. As the year progressed, Mr. Outen was appointed Supervisor of Secondary Instruction with an emphasis on mathematics, and Mr. Wescoe was appointed to the principalship of James M. Bennett.

Seniors:

The future for each one of you will be a challenge. It is the unknown quantity! It is as though you are solving the problem for the missing variable. Most of you have not made up your minds as to your future endeavors. In order to establish direction, you need to accept responsibility and understanding right from wrong. Once you have accepted these two facts, then you will be able to seek direction. Remember, you were put on this earth to contribute. It is my sincere hope that all of you will find that point in life which will offer you success and happiness.

Lloyd Wescoe

Mr. William Oakley

Seniors:

To each of you I extend congratulations on reaching one of life's major goals, successfully completing your high school education. You now begin to travel the many roads of life. No matter where you go or what you do, I hope the years you have spent at James M. Bennett Senior High School will prove to be very rewarding and instrumental in helping you attain your life's goals.

William J. Oakley

Vice Principals

Seniors:

The beauty of the world will become visible only when the feeling of the heart is complemented by the quality of the mind. I sincerely hope that your stay at James M. Bennett Senior High School provided you with these important understandings in order for you to truly see, within yourself, the beauty of life.

To the Class of 1977

As president of the James M. Bennett Senior High School PTSA for the year 1977, I wish to extend, on behalf of the officers and the executive committee, our sincere congratulations to each of you on this special occasion, your graduation.

Twelve years ago you entered to learn, now you leave to serve your fellow man. Your graduation this year is not the end, but the beginning. Hopefully these last four years have helped to prepare you for your next step in life.

I offer my congratulations to those of you who have attained high scholastic and athletic achievements of which you can be very proud. To all of you, I have faith that you will one day reach the goals you so desire.

I know you leave carrying with you many fond memories of the past four years. You leave behind, for us, many fond memories of you. May I, on behalf of the PTSA, wish all of you much success in your future endeavors.

Sincerely,
Nelson Larger
